THAW, AT BAY, SLASHES HIS THROAT

JACKSON DEMANDS RIGHT TO PRESENT NEW DATA

SEEKS TO PRESENT ADDITIONAL EVIDENCE

Commissioner Appears on His Own Initiative Before Grand Jury Relative to His Charges Against Police Chief Petersen

SUPERVISOR KELLEY QUESTIONED BY BODY

Secrecy Surrounds Official in Being Summoned Before Probers; Questioned in Regard to Embroglio, Is Rumor

Appearing on his own initiative, Dr. F. P. Jackson today presented himself to the grand jury, which went into session at 9:30 o'clock this morning, and demanded the privilege of presenting more facts and new data to the body relating to his charges against Chief of Police Petersen and other members of the police department. Jackson declined to hint at just what his information or evidence might be, but he was before the members of the jury in the county jail for more than an hour, and waited for three-quarters of an hour before he could get a hearing.

The regular course of the investigation was interrupted at about 10 o'clock by the appearance of Supervisor Joseph Kelley, who was taken in immediately, and remained for ten minutes. According to Kelley, he was asked but a few questions about the janitor service in the courthouse, but rumors about the building and the city hall were that he was called to explain what interest he had in the Jackson-Petersen matter and that he had endeavored to halt any grand jury investigation.

OFFICERS CITED.
Corporal Thomas O'Neil and Officers Ed. Smith, A. Garland, Joseph Phillips, Henry Rumetsch and Maxie were called to the courthouse to await the verdict of the jury. Detective George Helms remained at the service of District Attorney Hynes and Deputy Myron Harris all morning, using the telephone to call those who were to appear. The morning session was continuous and the probing was not interrupted by any announcement was made when the witnesses and the jury left the building at noon.

NOTHING DISCLOSED.
Whatever Jackson offered to the jury was not disclosed. It is thought that he supplemented his material of yesterday with something more direct and concrete.

When Hynes and Harris suspended the morning session they declared that nothing sensational had developed and that the jury would not resume the work today but would meet again at 10 o'clock tomorrow.

Foreman Pair has a program independent of the police row and plans to call witnesses for investigation into county matters for the purpose of compiling a final report before the body suspends its labors.

Labor to Fight Wilson Project Against Strike Prevention Proposal

BY INTERNATIONAL NEWS SERVICE
WASHINGTON, Jan. 11.—Samuel Gompers, president of the American Federation of Labor, told the Senate interstate commerce commission committee today that organized labor stood unanimously and unalterably opposed to President Wilson's strike prevention proposal.

There has not been a labor meeting anywhere in the United States since the legislation was proposed where there has not been an overwhelming vote against any enactment imposing compulsory arbitration or involuntary servitude upon working men," he declared.

I. W. W.'s Convicted; Will Face Sentence

LOS ANGELES, Jan. 11.—The twenty-two I. W. W.'s convicted last night of trespassing on railroad property when they commandeered a Southern Pacific freight train at Sausalito six weeks ago, will be sentenced tomorrow. Two previous trials ended in hung juries. The men have employed an attorney who said today he would appeal.

Sixteen Killed In Munitions Plant Disaster

New Jersey Factory Is Scene of Mysterious Explosion.

NEW YORK, Jan. 11.—Sixteen persons are known to be dead and scores are injured following an explosion and fire which wrecked the munitions plant of the Canadian Car and Foundry Company, near Kingslands, N. J., this afternoon.

At 6 o'clock it was declared sixteen bodies had been taken out. It was not known how many more might be in the ruins.

The plant employed 3000 men and 1400 were said to have been at work when the first explosion occurred.

At 6 o'clock injured men were coming into Jersey City.

U.S. TO START PROBE INTO MOONEY CASE

Postoffice Angle Centers About Pamphlet on "Frame-Up System" Which Has Been Circulated; Senders Sought

SAN FRANCISCO, Jan. 11.—The United States authorities took a hand in the trial of Thomas J. Mooney, charged with murder in connection with the Bremer kidnapping, when Federal inspectors, at the request of District Attorney Charles Fickert, began an investigation as to the senders of the pamphlet entitled "The Frame-Up System."

The fact that the postoffice had been called into the affair was indicated by Assistant District Attorney Edward Cunha, when at the outset of today's trial J. W. Miller, hardware dealer of 1429 Geary street, announced that he had received one of the papers. Miller was the last man sworn in as a juror yesterday.

He told Judge Franklin Griffin that he thought it his duty to turn over to the court the pamphlet which was in his mail when he reached home last night.

Attorney Bourke Cochran was on his feet immediately. "Now, your honor, we desire to request permission to retain Handwriting Expert Theodore Kytka to determine who has been sending out these papers. As I said yesterday, we believe this is a 'frame-up'."

That will be unnecessary," responded Cunha. "The district attorney has also decided to investigate, and has requested that the United States postoffice inspectors endeavor to trace the sending of these pamphlets through the mails. I have been informed by a juror named Lee, summoned on the special venire, that he, too, is in receipt of one of these pamphlets."

The paper in question was written by Robert Minor, cartoonist and journalist, who has been waging a quiet battle in behalf of the defense. He denies sending pamphlets to prospective jurors and stating details have also been made by both prosecution and defense.

The special venire of fifty jurors was on hand and the work of examining in an effort to procure the four men necessary to fill the box was immediately begun.

U. S. Lieutenants Shot by Santo Domingo Boy

WASHINGTON, Jan. 11.—Lieutenant J. K. Bolton was killed and Lieutenant J. R. Henley was wounded recently by shots fired at a landing party of United States marines by a native boy in Santo Domingo. In replying to the incident to the Navy Department today, Captain Chandler of the battleship New Hampshire did not indicate that there had been any general clash between the marines and natives.

Liquor Advertising Law Passes Senate

BY ASSOCIATED PRESS
WASHINGTON, Jan. 11.—Transmission in the mails of liquor advertisements in circulars, newspapers or otherwise into states which prohibit such advertising or solicitation is barred by a bill by Senator Bankhead of Alabama, passed today by the Senate. It now goes to the House.

PEACE NOTE EXPLICIT IN TERMS FOR ENDING WAR

Continued Bloodshed Preferable "to Prussian Domination," Lloyd-George Tells the Guild Hall Meeting in Answer

BELGIAN REPARATION DEMANDED BY POWERS

Victory Difficult, But Defeat Is Held Impossible by Grand Alliance; New British Loan Will Prove Winner, Message

BY UNITED PRESS
LEADED WIRE TO TRIBUNE.

WASHINGTON, Jan. 11.—Couched in what officials hint is "clear, strong language," the Allied reply to President Wilson's note to belligerents reached here today, with an unmistakable definition of exactly what the Allies are fighting for.

LONDON, Jan. 11.—England and her allies have told President Wilson they desire peace—but it must be a real peace. War is preferable to Prussian domination of Europe.

Prime Minister Lloyd-George told a Guild Hall meeting this afternoon that this position of the Entente powers had been "made clear in the note replying to Germany's peace proffer, but clearer still in reply to the American note."

"We all want peace," the prime minister continued, "but it must be a real peace. War is preferable to Prussian domination of Europe."

The British premier cited the new "win-the-war loan" offered by England today as an attractive investment, which "denies those who would contend that the Allies are not determined to win."

"We do not reject peace terms," the premier said, "No terms were offered. We were offered only a trap, baited with fine words. The Kaiser told us his people the Allies rejected peace, so as to drag those he could not drag."

Referring to the conference of the Entente nations at Rome recently, the prime minister said:

"All the Allies felt that if victory was difficult, a defeat was impossible. Arrangements were there made to deal with the whole situation."

Referring to the loan for which the meeting was called, Lloyd-George said: "A successful loan will help shorten the war, will save lives and will save the British Empire and Europe's civilization."

"The grim decision reached at the Rome conference was to rid the world of unrepentant despotism."

"With proper support your gallant armies will cleave the road to victory during 1917."

A great crowd jammed the streets and packed every available bit of space in the Guild Hall.

Lloyd-George was given a tremendous ovation. There were prolonged cheers for both Chancellor of the Exchequer R. B. Law and former Chancellor Reginald McKenna. Thousands thronged the streets adjacent and watched for the celebrities at the meeting.

French Aims Told

PARIS, Jan. 11.—The first two things on the Allied program are "delivery of Belgium and restitution of Alsace-Lorraine—these only will compensate for the sacrifices we have made, avenge our dead and assure our children enduring peace," President Deschanel declared today in opening the chamber of deputies.

GUMP DESCRIBES SADIST

YOUTH TELLS PHYSICIANS OF CRUELTY

Whipped by Man Who Lured Him to Hotel; Forced to Bow Down and Call Tormentor Master; Abjectly to Kiss Feet

Case Will Be Studied by Alienists and Students of Psychopathic Aberration, Doctor Say; Story of Case Detailed

KANSAS CITY, Mo., Jan. 11.—From a group of eminent Kansas City neurologists, headed by Dr. H. Kuhn, the International News Service has obtained the details of the charge made by Frederick Gump Jr. against Harry K. Thaw.

Dr. Kuhn insisted on the prosecution of Thaw and declares that the history of the case will be studied by the medical profession as the most remarkable example of sadism that the world has yet known.

The boy's statement, as given to the doctors, covers forty typewritten pages, and tells in detail what he alleges happened from the hour when he left Kansas City to meet Thaw, under a promise of an education and a salary of \$50 a month to act as his valet.

Thaw, says the statement, used two whips, one knotted and the other with a heavy lash, alternately striking him three times with each until the boy, overcome and terrified, consented to whisper "I am your slave, I am your slave."

SATISFIED BY TORTURE.
He declares that he fought for an hour with Thaw before he was subdued, and that in the battle in the padded room Thaw attacked him again and again with the whip, finally beating him into submission.

As a sign of mastery, he declares that in the morning, after a sleepless night, Thaw made him kneel at his side at the breakfast table, fed him bits of food with his hand, and as he received each morsel consented to whisper "Thank you, my master."

The statement says that the only attack by Thaw was with the whip, and that the only purpose of Thaw seemed to be the satisfaction gained by seeing the boy writhe in pain and avow his slavery to him.

"When he was whipping me," says the statement, "Thaw always struck me three times with one whip and three times with the other. The first time he whipped me, he lashed me straight across the shoulders and legs. Then he lashed me diagonally across the chest, then the back and then another three blows at a different diagonal angle."

ACTS OF SERVITUDE.
"When he first attacked me, as he pulled me from the bathroom, I screamed and struggled and bit, but Thaw continued to beat me. No one heard me scream. He begged him to stop, but he shouted back: 'Not until you are my slave.'"

At last I was exhausted and fell to the floor. Thaw stood over me with his whip and asked, 'Are you my slave?'

"I cried out: 'Yes, yes.'"
"I think I said, 'The next thing I remember was Thaw again standing over me with a whip. He pulled me across his lap and continued to beat me, until I consented to kiss his toes and repeat the old formula, 'I am your slave.' He forced me to kiss his toes, his finger-tips and his hand."

PARALLEL LIVES CASE.
NEW YORK, Jan. 11.—With the sensational attempt of Harry Kendall Thaw to end his life in Philadelphia this afternoon, local authorities are interested in the incident against Thaw gave some thought to the startling parallels in the death of Bernard Lewis and Thaw's attempted suicide.

Lewis was suspected in connection with the murder of Mary G. McKenna. It is pointed out by Commissioner McGuire that when Thaw's case was under consideration, he was endeavoring to break into his room to arrest him.

It was also pointed out that Miss Colbert's body was reported as being a mass of bruises, as though she had been beaten.

Thaw was indicted here for slaying a 19-year-old boy. Both Thaw and Lewis were from Pittsburgh.

Poll Tax Is Blamed for Lack of Funds

SACRAMENTO, Jan. 11.—Lack of funds for the elementary schools of the state is blamed upon the abolition of the poll tax by Dr. Margaret S. McNaught, commissioner of elementary schools. In her annual report to the State Board of Education made today, the loss to elementary schools last year, because the poll tax was abolished, was about \$180,000 according to the report and this year will reach \$200,000. As a result of this, many schools have been closed, necessary improvements blocked, schools overcrowded and teachers handicapped by lack of equipment. A plea is made for more money to keep the schools from being cramped through lack of funds. It is pointed out by Commissioner McNaught that while expenditures of elementary schools have increased hardly at all, the amount of money expended on education in the high schools has increased by leaps and bounds.

HARRY K. THAW, who attempted suicide to escape prosecution on an accusation of horsewhipping youth, and his mother, who has stood by him in his trouble.

Two British Ships Are Sunk By Submarine

Battleship Cornwallis and Seaplane Carrier Are U-Boat Victims.

LONDON, Jan. 11.—Sinking of the British warship Cornwallis by a submarine in the Mediterranean on Tuesday was announced today by the admiralty. The seaplane carrier Ben-my-Chree, a converted merchantman, also has been sunk. Thirteen men from the Cornwallis are missing and are believed to have been killed by the explosion.

The warship referred to apparently is the British battleship Cornwallis of 14,000 tons. The last previous reports showed that she was in service in the Mediterranean. There is also a Cornwallis in the Z class, consisting of warships retired from active service, but the fact that she was sunk in the Mediterranean indicates it is the battleship which has been lost. The battleship Cornwallis was laid down in 1901. She was 405 feet long and was armed with four 12-inch, twelve 6-inch and twelve 3-inch guns, 6 3-pounders and four torpedo tubes. Her normal complement was 750 men.

Wilson Possessor Of New Power

New York Professor Is Discoverer

BY INTERNATIONAL NEWS SERVICE
LEADED WIRE TO TRIBUNE.

NEW YORK, Jan. 11.—President Wilson possesses the "new will"—a psychological discovery for which he is given credit today by Charles Gray Shaw, professor of philosophy at New York University.

The new will, according to Professor Shaw, turns inward upon the brain instead of passing out through hand or tongue.

Colonel Roosevelt knows nothing about the new will, the professor said, and therefore President Wilson seems weak and vacillating to him, but this is all because T. R. has a primitive mind, although it is an advance type, concluded the professor.

Kruttchnitt Will Face Oil Case Questions

LOS ANGELES, Jan. 11.—United States District Judge Bledsoe and government attorneys will leave tomorrow for New York where they will orally examine Julius Kruttchnitt and other high officials of the Southern Pacific regarding the California oil land suits. The railroad men have refused to accept service in California, it was said, and the United States is unable to compel them to do so in a civil suit.

APPROACH OF POLICE SIGNAL TO TRY SUICIDE

RECOVERY OF PATIENT SAID TO BE POSSIBLE

Detectives Surround House in Which Fugitive Has Been in Hiding for Several Days; Attempts to Delay Life Saver

BY UNITED PRESS
LEADED WIRE TO TRIBUNE.

PHILADELPHIA, Jan. 11.—Harry Kendall Thaw, slayer of Stanford White, slashed his throat and wrists here this afternoon as detectives were about to arrest him to answer an indictment in New York charging that he whipped 19-year-old Frederick Gump of Kansas City.

Bleeding profusely from deep wounds, he was taken in the home of Mrs. Elizabeth Thaw, 5260 Walnut street.

Thaw was rushed to St. Mary's hospital in a private ambulance, where Dr. Elwood Kirby, who attended him before his removal to the institution, said his condition was serious.

Detectives had completely surrounded the house after tracing Thaw there. The fugitive had evidently been watching the net close about him.

Lieutenant of Detectives Wood, followed by four plain clothes men, poured over the door. After repeated knocks they forced the door. As they rushed into the house they passed Samuel G. Moloney, a Republican ward leader and former harbor master, standing in the vestibule. Moloney was white as chalk when asked where Thaw was, nodded his head as though he had been transfixed to the spot.

WOUNDED MAN CALM.
Hurting the man aside, Lieutenant Wood led the way to a sitting room. Thaw was sitting in a chair, gazing calmly at the blood as it spurted from the cuts. Snatching handkerchiefs from his assistants the lieutenant bound them, one over another, around the wounds while a physician was being called.

Thaw was sitting in a chair, gazing calmly at the blood as it spurted from the cuts. Snatching handkerchiefs from his assistants the lieutenant bound them, one over another, around the wounds while a physician was being called.

Thaw was sitting in a chair, gazing calmly at the blood as it spurted from the cuts. Snatching handkerchiefs from his assistants the lieutenant bound them, one over another, around the wounds while a physician was being called.

TAKEN TO HOSPITAL.
By this time the four detectives had brought Dr. Elwood Kirby, who lives half a block away. As the physician entered the room Thaw slipped from the chair in a faint, muttering "St. Mary's," meaning he wished to be taken to St. Mary's hospital. An ambulance raced to the institution, four miles from the scene.

It is believed Thaw possibly realized he had been caught before he had lost sufficient blood to cause death and wanted to make the time for efficient treatment as long as possible.

Several other hospitals were passed on the road, but Thaw's wish was followed.

Telephone messages had requested that the hospital prepare for a "prominent emergency patient."

Until Thaw was brought in—unconscious—the physicians did not know who their patient was.

ATTORNEY'S OFFICE MAY SEE SHAKEUP

Move to Permit Head of Office to Appoint Own Deputies Is Being Thrust at Jackson's by Those Now Holding Job

Other Positions in City Hall Are to Feel Swing of Axe by a Shift in Departments of the City Council, Is Intimated

That a resolution tending to remove from the power of the city council the appointment of deputies in the office of the city attorney and place the appointments in the hands of the head of the department will be introduced in the city council tomorrow, was rumored at the city hall today. The report of such procedure, it is said, would be the elimination of George Jackson, brother of Commissioner Jackson, from office, it being generally conceded that he would not be re-appointed by City Attorney Paul C. Mori.

At the same time it is believed action will be taken by the council to bring about the long-anticipated transfer of Commissioner Jackson from the department of public health and safety to another department, probably that of revenue and finance now held by Commissioner W. H. Edwards.

It is understood that resolutions and

To Grow Grain In London Park

Novel Idea for Increasing Supplies, Tried

LONDON, Jan. 11.—Flooded and cereals are to be grown in Richmond and Dushy Parks as the first step in the new food campaign. London's parks are royal property, and the story has the sanction of King George.

The idea is to set an example and stimulate private land owners to similar efforts as a means of increasing food supplies.

Richmond and Dushy Parks lie near the Thames in the fashionable southwest district of London. Richmond Park is 1,275 acres in area. It is a favorite summer resort. Charles I. in 1637, had the park enclosed and used it as a hunting ground.

Advances pending for the changes are already prepared to be introduced by one of the commissioners. Commissioner Edwards, it is believed, will make the necessary move towards ousting Attorney Jackson, but it is said that he will not introduce the ordinance providing for the transfer of Commissioner Jackson.

For several days the unsettled condition of affairs at the city hall has changed. It was felt by many who have followed the situation that no steps would be taken to transfer Commissioner Jackson until after the grand jury trial investigation, but this action is believed imminent.

As a result of the upheaval, it is probable that four other city employees will be affected to the extent of losing their positions. These prominently mentioned in this respect are William Williams, a deputy in the city clerk's office; Dr. P. P. Munser, city bacteriologist; Joseph A. Lloyd, building inspector; and A. M. Thompson, market and food inspector, all appointees of Commissioner Jackson.

Lecturer to Be Heard in High School Meeting

THOMAS BROOKS FLETCHER.

Of general interest to the community, particularly to public-spirited citizens, business men and high school boys, will be the lecture on "Community Leadership" by Thomas Brooks Fletcher next Monday evening at the Oakland Technical High School, Broadway and Forty-fifth street. The attraction marks the second of the first season's series of the Lyceum Course which is being given under the auspices of the Oakland Teachers' Association.

Fletcher is one of the youngest as well as one of the best known lecturers on the American platform today. His method of delivery is forceful and brilliant, and his expression of modern business thoughts and ideas on community organization have made him a recognized authority on the subject throughout the country.

In view of the expansion of military training in the local high schools recently authorized, and the general trend of public opinion toward preparedness, Fletcher's appearance here is timely. He is one of the six men selected by Everybody's Magazine as standing in the first rank of publicists and builders of national thought who have volunteered their services as field organizers for the proposed national organization of what is known as "The High-School Volunteers of the United States," which will be conducted along the lines of the "Steever Plan" of military instruction for high school boys—a plan aimed as the first step toward an adequate preparedness for America.

CODY FUNERAL TO BE IMPRESSIVE

Rock-Hewn Grave Upon the Heights to Be Final Resting Place.

BY ASSOCIATED PRESS. LEASE, WIRE TO TRIBUNE.

DENVER, Jan. 11.—Telegrams of condolence by the name continued to be received here by members of the family of a William P. Cody (Buffalo Bill), who died here yesterday at the home of his son, Mrs. May Cody Jackson. President Wilson, the legislatures of Colorado and Wyoming, numerous state officials and national and fraternal organizations and prominent men in all parts of the country sent messages of sympathy. Added to these were messages from many little known men and women and children who had heard of the hero.

Buffalo Bill's funeral will be held Sunday afternoon. Earlier in the day, for four hours, the body will be in state at the state capital. Members of the Colorado and Wyoming legislatures plan to attend the services in a body.

A rock-hewn grave on the crest of Lookout Mountain near here will mark the end of the trail for the noted frontiersman, according to present plans. Here, on an eminence overlooking the plains of eastern Colorado and southern Wyoming, the city of Denver has offered the family a suitable monument free of charge. Funds for the monument may be raised by a national subscription. The mountain is well known and is a part of the tribal lands of the Indians to whom he was known as "Pahaska, the Long Haired One."

According to present plans the body will not be placed in the mountain vault until next spring, probably Decoration Day.

Entertainment Fund Balance Now Is \$56

Once again there is a balance on hand in the city entertainment fund. Yesterday there was not five cents, as Commissioner Edwards expressed it. Today the fund is \$56 being the unexpended portion of \$125 appropriated by the council to the city celebration. According to the report of Secretary Wilbur Walker, made to the council today the celebration cost \$39.

FACTORY LAW NOT DRAFTED BY JACKSON

Deputy City Attorney Denies Attempting to Oust the Soap Works: Only Passed Upon Ordinance Offered, He Says

Had No Other Part in Proceedings, Declares Brother of the Commissioner; a Neighborhood Is the Plan of Action

Deputy City Attorney George Jackson, brother of Commissioner E. P. Jackson, denied today that he had any part in the proceedings of the ordinance which, it developed after passage, would have put the West Coast Soap Company out of business.

Pertinent questions were asked in the city council yesterday which, coupled with the rumor that the grand jury is investigating the circumstances of the circulation of a protest and subsequent action against the proprietors of the soap works, brought forth the statement from Attorney Jackson today that he did not draw the ordinance and only approved of it as to form and legality.

DID NOT FRAME LAW.

Attorney Jackson said: "I did not prepare the ordinance and I do not know who did. I had no knowledge about the merits of the ordinance, had no distinct recollections about having approved it and I went to the city clerk's office this morning to look it over in the files. I found that the ordinance was missing from the files and was informed by Chief Deputy Clerk Frank Morrill that the ordinance was out. I was his recollection, he said, that I had approved the ordinance which was approved in the city attorney's office as to form and legality."

"He practically said an occurrence in the city attorney's office for departmental use to bring in ordinances already prepared and submit them to the city attorney for approval as to form and legality only."

Mrs. Maggie Gomez, 2645 Union street, who appeared before the council protesting against the adoption of an amendment which was passed and which permits the plant to continue operations at Twenty-sixth and Poplar streets, was asked by Attorney Charles Heardley if she had not been paid to appear and if she and her neighbor protesters did not ride to the city hall in automobiles furnished by some interested party.

In view of the veiled insinuations that were made in connection with the ordinance, the vote for the amendment was unanimous.

JACKSON EXPLAINS.

Dr. Jackson said: "The only thing I know about the soap factory is that I fathered it because I believed an industry was being done to the concern now doing business in the restricted zone. The first ordinance described a district within which a factory devoted to the manufacture of soap could not be operated. Dr. Reine came to me and described the conditions and asked me to help to the extent that I would submit an ordinance exempting soap factories in business in the restricted zone prior to the time the ordinance was in effect. This I did, believing that it would be an inducement to do an injury to a business already established. There is nothing more to it than that. I fathered the ordinance and it speaks for itself."

WOMEN ANGERED; TREE IS REFUSED

San Leandro Club Asked the Trustees for \$25; Request Rejected.

SAN LEANDRO, Jan. 11.—Because the city fathers didn't play Father Christmas at a children's entertainment given by the Alta Mira Club, the club members have expressed dissatisfaction. The action of the town trustees in turning down a request of the Alta Mira entertainment committee for a donation of \$25 to pay for a Christmas tree was commented upon at length at the last club meeting.

Mrs. H. B. Howell, chairman of the Christmas tree entertainment committee, in her report to the club told how the trustees had refused to give a donation. They explained their refusal by stating that a city ordinance prohibited the use of the city's funds for such a purpose. It was then suggested that the members of the town board provide a fund from their own pockets. According to Mrs. Howell they did not do so.

"I move to rescind the refusal of the trustees to donate the \$25 in my report," said Mrs. Howell. There may have been a discussion among the club members over the action of the town board but as chairman of the entertainment committee I made no comment in the matter. The trustees treated us beautifully, but refused our request."

Mrs. L. T. Langworthy, president of the Alta Mira Club, said there was no trouble to speak of over the board's refusal.

Benson in Tilt on Proposed Adjournment

SACRAMENTO, Jan. 11.—The first tilt of the session took place in the Senate today when Senator Benson, after a long fight, sought to have an immediate vote taken on his concurrent resolution calling for recess adjournment of the legislature on January 26. Objections came thick and fast from all sides of the chamber and at the conclusion of a hot debate Benson withdrew the resolution. He said he probably would present it again tomorrow.

The chief objection to setting a definite date for adjournment appeared to be that many members would not have their bills in shape to introduce in the brief time remaining. Tyrrell of Oakland said that the Senate had not begun its work and to consider stepping in fifteen days would be an unwise procedure.

Timon of Sacramento agreed. "That there is a desire and a possibility that the legislature may commence its thirty-day recess on January 26, instead of March 8, but that as yet there is no probability of it," was the statement of Speaker C. C. Young today.

Coal Production in Canada on Increase

WASHINGTON, Jan. 11.—Canada's coal production in 1916 was 14,262,000 tons, an increase of more than a million tons over the previous year, according to estimates reaching the department of commerce. Nova Scotia was the only province that showed a declining output.

Hello, George—

"What do you think of my new Detroit Six 45?"

"You know I have been looking for a new car for several months, but could find nothing that suited me in every respect. Someone asked Mr. Dailey of the Kiel & Evans Co. to call on me, and when I find the person who sent him to see me I am going to thank him; for I think this car which I bought from him is almost perfect, with its snappy lines, standard construction, and almost unbelievable riding qualities."

"Well, HARRY, I am awfully glad to find you so pleased, as I am the party who sent Mr. Dailey to see you, and I have a check from him for \$10 which he pays to any one sending the name of a prospective purchaser to whom he sells a car."

We Give 2-M Green Stamps MARYMONT AND UPRIGHT

13th and Washington, Oakland

Semi-Annual Stock Adjusting Campaign

"Why, this is a real Sale!" This is the essence of remarks made by hundreds of customers who have profited by the bargains we are offering. Come and see for yourself. We mention a few specials today:

Fourth Floor Features:

We mention five of the leading cut-price specials offered in this aggressive section of the store. Consider them carefully:

- Children's Coats \$3.95**
Belted and semi-belted, single or double-breasted, Copenhagen, brown, rose, gray and blue. The materials are serge, corduroy, poplin and silk. Sizes for ages 2 to 8.
- Children's Sweaters \$1.69**
White, coat style sweaters—heavy and closely woven. All have two-in-one collar. Sizes 30 to 34.
- Women's Sweaters \$3.95**
Fiber silk and angora sweaters, in stripes and solid colors. Some have full belts, some half belts, some have sashes, some have large rolling collar, some are collarless. Sizes 32 to 46.
- Women's Petticoats 25c**
Sateen Featherbloom and washed petticoats, in plain colors (black included) and stripes. Ruffled or pleated flounces.
- Women's Gowns 75c**
Striped and White Flannellette Gowns. Some with collars, some with low, scalloped necks. All sizes. A great Special at—75c.

First Floor Features:

Brief mention of some of the many attractions to be found on this busy floor:

- Mocha Gloves 89c Pair**
This price is quoted for FRIDAY ONLY—don't forget. A small lot of splendid Mocha Gloves with fancy black stitching. All sizes except 6 1/2. No fittings, no exchanges.
- Neckwear Clearance 10c**
A clean-up of odds and ends—Chemisettes, Single Collars, Collar and Cuff Sets, Vestees, etc. Come early in the morning if you can.
- Boudoir Caps 19c**
Various styles in net, lace and lawn. Finished with fancy ribbon bows. This price will close them out in a hurry.
- 4 to 6-Inch Laces 15c Yard**
Cotton Lace Bands and Edges in white, cream and ecru. Remarkable at 15c a yard. The width is important—4 to 6 inches.

Closing Out Jewelry

We are going out of the jewelry business entirely. To close out our stock at once we have decided on

1/3 Reduction

from the regular prices. This makes a great chance for you to save on Earrings, Breast Pins, Hat Pins, Lavallieres, Bracelets, Neck Chains, etc. Shown on the First Floor Bargain Booth.

Closing Out Trimming Furs

All Furs (by the yard) must be sold during this Campaign. To do this we say

Exactly Half Price

on the entire stock. Better hurry if you are interested. This half-price offer means quick selling.

OAKLAND TRIBUNE, Oakland's greatest evening newspaper, assures its advertisers that the circulation of this paper reaches every day over 250,000 readers.

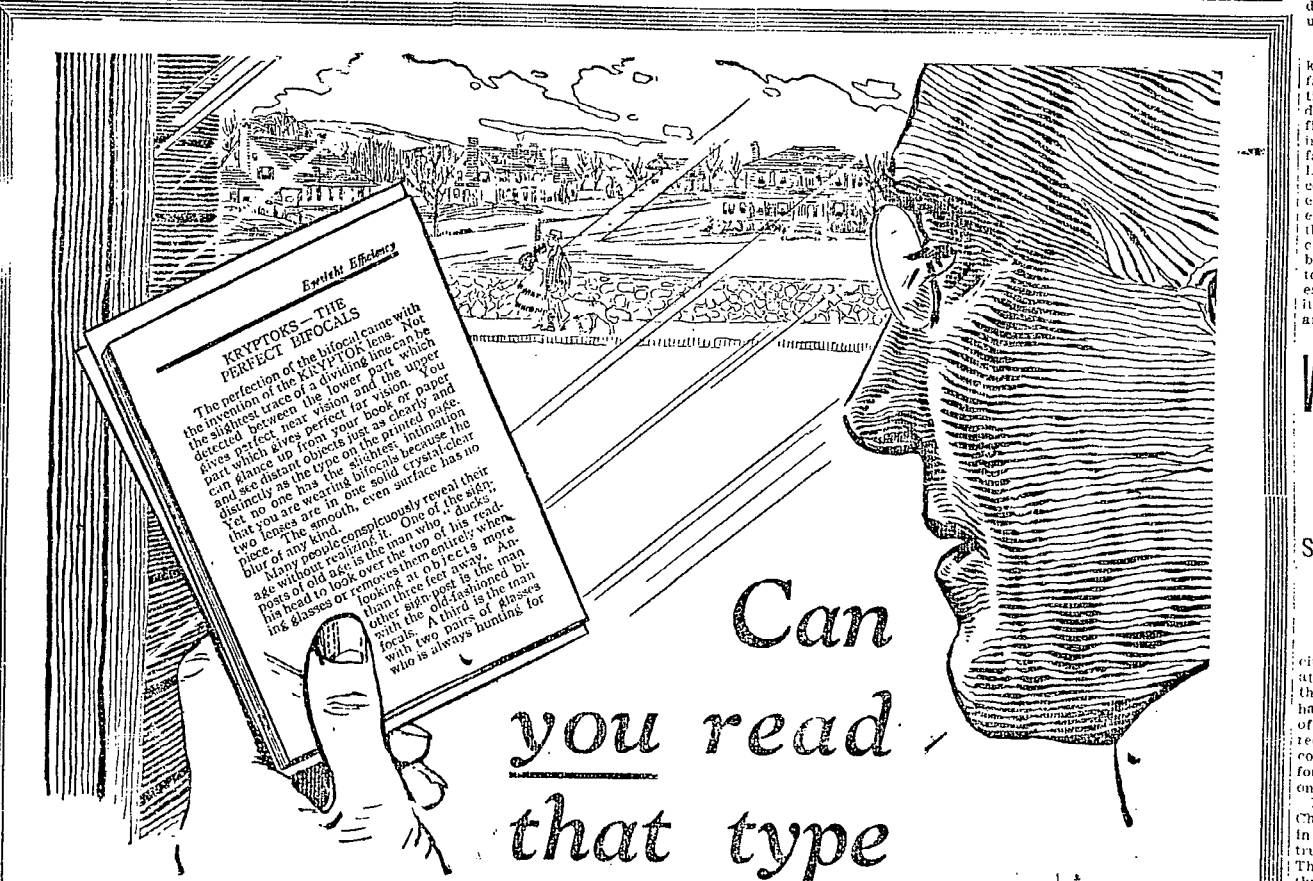

A Message to Mothers

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.

Genuine Castoria always bears the signature of *Charles H. Fletcher*.

and with the same glasses see distant objects clearly?

If you cannot, then you need KRYPTOK (pronounce Crip-tock) Glasses—the invisible bifocals which combine near and far vision in one crystal-clear lens.

KRYPTOK Glasses enable you to adjust your vision from printed page to distant view, instantly. You see everything as clearly and distinctly as with the eyesight of youth.

KRYPTOKS end the trouble and annoyance of removing your reading glasses—or awkwardly peering over them—every time you look at objects more than a few feet away.

KRYPTOK Glasses are entirely free from that unsightly, age-revealing seam or hump. Their surfaces are clear, smooth and even.

KRYPTOK Glasses are made on strictly correct optical principles and are universally recommended by oculists.

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's Recipe to Bring Back Color, Youthfulness and Lustre; Everybody Is Using It Again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old time recipe improved by the addition of other ingredients. Thousands of folks recommend this dark-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

Are You Being Slowly Poisoned?

The most eminent physicians recognize that uric acid stored up in the system is the cause of gout and rheumatism, that this uric acid poison is deposited in the joints, muscles, or nerve-sheath. By experimenting and analysis at the Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called Anuric, which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, backache, pains here or there, you can obtain Anuric (double strength) at any drug store and get relief from the pains and ills brought about by uric acid.

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous uric acid, which settles in the tissues of the feet, ankles, wrists or back as uric salts; or under the eyes in bag-like formations.

It is just as necessary to keep the kidneys acting properly as to keep the bowels active to rid the body of poisons.

The very best possible way to take care of yourself is to take a glass of hot water before meals and an Anuric tablet. In this way it is readily dissolved with the food, picked up by the blood and finally reaches the kidneys, where it has a cleansing and tonic effect.

Step into the drug store and ask for a 50-cent package of Anuric, or send Dr. Pierce 10c, for trial pkg. Anuric—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.—Advertisement.

Must Be Splendid Kidney and Bladder Remedy

Ever since Dr. Kilmer's Swamp-Root has been on the market we have successfully and satisfactorily sold it. If the medicine did not possess merit in the diseases for which it is intended we feel certain that we would not enjoy such a splendid sale.

Very truly yours,
ROSE DRUG CO.

Sunday Closing Act Proposed

Want Complete Day of
Rest in Week

SACRAMENTO, Jan. 11.—A Sunday closing act will be introduced in the Senate by Senator Henry Lyon of San Francisco and in the Assembly by J. H. Morris of San Francisco, it was learned at the capitol today.

The idea is to make Sunday a complete day of rest. The measure is not a religious one strictly. Neither is it intended to be a blue law, its sponsors say.

The barber, the baker, the grocer, the butcher and the various clerk unions are behind the bill. The State Federation of Labor has not endorsed it as yet.

UTILITIES TO SEEK REDUCTION IN TAX

Will Make Kick Against Being
"Soaked" at Present
Rates.

SACRAMENTO, Jan. 11.—Railroad companies, telephone and telegraph companies, express companies and car companies are lining up to make one loud, long and vociferous kick before the legislature, it was learned today.

They are being "soaked" in the matter of taxes—required to pay more on each \$100 of actual valuation than the individual property owners.

Taking the state tax commission's own figures, the railroads point out that they are paying at the rate of nearly \$1.31 on each \$100 actual valuation, while the local property rate in 1915 was, on the average, about \$1.22. Telephone and telegraph companies point out that their rate, as arrived at by the tax commission, is almost \$1.40; express companies more than \$1.56 and car companies about \$1.70. Gas and electric companies are not saying much. Their rate is shown to be only \$1.08.

The public utility companies expect to show that this local property rate still continues at the 1915 figure and will make this "discrimination" the basis for their complaint to the legislature.

As additional evidence they will seek to show that their tax money, which is levied by the state of the State government, has piled up a surplus in the State treasury.

Candidates Given Protection by Bill

SACRAMENTO, Jan. 11.—Charles W. Goodall of San Francisco plans to introduce a bill into the assembly compelling printers handling campaign matter to notify the opposition candidate whenever they receive an order for handbills.

"What's more, I'm going to compel these printers by law to refuse such orders when there are less than fifteen days left before the election," Goodall declared today. "I had such handbills distributed all over me during the last campaign. They were printed and distributed at 3 o'clock Monday afternoon, preceding the election."

Wants Redwood in Realty Appraisals

SACRAMENTO, Jan. 11.—An amendment to the state banking laws providing for the inclusion of the value of standing redwood timber in real estate appraisals is to be introduced into the assembly this session by John F. Quinn of Eureka.

"There is nothing more stable in its value than standing redwood timber. You can't burn it up," he said today. "It is the chief resource of Humboldt county and should be included when banks are figuring on loan on real estate."

The banking laws at present prohibit cognizance of mineral or timber valuations in reckoning the value of real estate.

R. R. Operating Income Increases \$63,000,000

BY UNITED PRESS
LEASED WIRE TO TRIBUNE.
WASHINGTON, Jan. 11.—The net operating income of the 185 large railroads of the United States jumped \$63,000,000 during the four months ending November 1, over the corresponding period of 1915, according to figures by the Interstate Commerce Commission today.

RAISE STATE BUDGET TO \$22,928,247

Increase of Seventeen Per Cent
in Appropriations for Year
Over 1915 Recommended to
Legislature by Control Body

Many Buildings Planned, Special
Bills Carrying \$5,265,005; U. C. to Be Given More
Money for Agriculture School

BY ASSOCIATED PRESS
LEASED WIRE TO TRIBUNE

SACRAMENTO, Jan. 11.—Appropriations totaling \$22,928,247.31 are recommended by the state board of control in the state budget presented today to Governor Hiram W. Johnson. This is an increase of \$3,429,836.84, or 17.5 per cent over the budget of 1915, when the legislature was asked to appropriate \$19,498,410.47 for the needs of state departments, bureaus, commissions and institutions. Of the total sum to be asked of the present legislature \$17,413,242 is included in the general appropriation bill, \$5,265,005.31 is for special appropriations and \$250,000 is provided to cover unreported needs.

As explanation of the increase in this budget the board of control points out that it contemplates meeting many financial problems which were postponed because of the outbreak of the European war and resultant uncertainty as to the effect upon the state's finances.

BUILDINGS PLANNED.
"The board of control," says the report on the budget, "is still conscious of the fact that numerous difficulties may follow any declaration of peace in Europe during the next two years and it is also conscious of the defects of our present tax system. Bearing these things in mind it still adheres to the policy of maintaining a healthy surplus in the state treasury while at the same time meeting that portion of the building and construction program which cannot and should not wait longer."

Of the increase in this year's budget the board recommends that \$1,150,400 be devoted to the following projects: Site, and buildings for a new home for the blind in the southern portion of the state, \$250,000; completion of the building program and plant of the new Norwalk state hospital, \$246,700; further progress in reconstruction of the Whittier boys' school, \$127,500; completion of the building program of the new school for girls at Ventura, \$123,200; replacement of pavilion at the state fair grounds, destroyed by fire, \$300,000; buildings for the new Normal school, \$230,000; construction of training school at the Davis farm school, \$140,000; completion of buildings at the citrus experiment station at Riverside, \$50,000; construction of a new state printing office, \$100,000; purchase of a ranch necessary to the maintenance of the Stockton state hospital, \$50,000; construction of training school San Jose Normal school, to replace buildings destroyed by fire, \$53,000; co-operation with the United States government in a project of controlling the Sacramento river, \$500,000.

A total increase of \$62,330 is voted for the support of the state board of control. A portion of the increase is recommended to meet increases in salaries of clerks and stenographers with a view of placing them upon an equal salary footing with employees of other departments performing similar service. The major portion of the proposed increase is to be devoted to carrying on the work of placing the counties of California on a basis of uniform accounting and auditing.

U. C. GETS INCREASE.
The board of control has decided to abolish future publication of the State Blue Book, supplanting it by a roster of national, state and municipal officers, for which an appropriation of \$800 is recommended. Secretary of State Jordan had asked for an appropriation of \$5000 to meet the expense of publishing the Blue Book.

Increases totaling \$150,000 over the last budget are recommended for the state board of health. This will be used to inaugurate a plan of distributing the state for health purposes, for the sanitary engineering department, contagious disease fund and state aid for tubercular patients.

By far the largest increase accorded any institution or department in the budget recommendations is that proposed for the University of California. The increase totals \$825,000, distributed as follows: \$300,000 in support of the college of agriculture during last two years, \$90,000 increase in the appropriation for support of the college of agriculture, \$175,000; special appropriations for the college of agriculture, \$190,000; increase in special appropriations for university extension, \$30,000; building plans for extension at Lick Observatory, \$40,000, and \$100,000 for medical teaching in the college of medicine.

Labor Will Oppose Arbitration Bill

SACRAMENTO, Jan. 11.—The labor representatives in the legislature have prepared to concentrate their efforts against a measure on behalf of the San Francisco Chamber of Commerce providing for compulsory investigation of labor disputes before strike action could be taken. The bill would confer power on the State Railroad Commission to investigate for a period of thirty days and then make public its findings. The commission will not, it was understood, be given power to enforce its findings.

The measure will be drawn to affect only the employees of public service companies who may become involved in labor controversies.

Representatives of the chamber of commerce will urge passage of their bill and they will also oppose the anti-injunction bill which will be introduced on behalf of the State Federation of Labor.

Medical Examiners Object to Diplomas

SACRAMENTO, Jan. 11.—The State Board of Medical Examiners, in session here today advocated the passage of a measure restricting the granting of diplomas by the so-called medical schools which any five persons \$1000 can incorporate. The board will urge the passage of legislation placing such schools under the supervision of the state probably with the co-operation of the medical faculties of the state's two universities.

DAY IN LEGISLATURE.

SACRAMENTO, Jan. 11.—SENATE.

Met at 11 o'clock.
Senator Breed announced committee on standing rules had completed its report and that he would ask for adoption tomorrow. One change suggested was that Senate shall not pass Assembly bills within five days of sine die adjournment, and another proposes that the Senate may transact business during a call of the house.

Senator Benson introduced and withdrew on objection of Ballard, Tyrrell, Duncan, Inman, Stuckenbruck and others, a concurrent resolution calling for recess adjournment on January 25. Benson said he might call up the resolution again tomorrow.

Adopted memorial resolution for the late Senator Beban of San Francisco.
Passed as an emergency measure Senate Bill No. 1, making appropriation of \$900 to pay per diem and mileage of Democratic presidential electors.
Adjourned until 11 a. m. tomorrow.

ASSEMBLY.

Met at 11 a. m.
Speaker Young announced committee on standing rules, consisting of Mathews, chairman; Allen, Argabrite, Ryan, Smith, Wright and Young.
Adopted for temporary purposes standing rules of the forty-first session.
Passed Senate Bill No. 1, appropriating \$900 for expenses of Presidential electors.
Adjourned until 9:30 a. m. tomorrow.

FEARS FELT FOR AIRMEN'S SAFETY

Army Officers in Mexican Territory, Declared in Messages.

SAN DIEGO, Jan. 11.—Renewed fear for the safety of Lieutenant Colonel Harry G. Bishop and Lieutenant W. A. Robertson, the two army aviators who left the aviation field at North Island yesterday morning for a flight to Calisevo was expressed this morning, when it was learned that a message had been received from Centro Guantano stating their arrival.

Early this morning it was announced from the North Island station that a message had been received stating that the aviators had landed at the Lower California city because of engine trouble and the opinion was expressed by army officers that the aviators had lost their bearings. Colonel Gifford, after waiting several hours this morning for the delivery of the supposed message, started an investigation with the result that he learned that at an early hour this morning some one saying it was the Western Union office telephoned that a message had been received from the aviators and that they were at Guantano. At the office of the telegraph company it was denied that any message regarding the missing aviators had been received. Arrangements are now being made at the North Island station for the sending out of a relief party.

EL CENTRO, Cal., Jan. 11.—The searching party left here today for the mountains west of here to aid Lieutenant Colonel Harry G. Bishop and Lieutenant W. A. Robertson, army aviators, ignorant of the news that the airplane had descended in Mexican territory. The party was organized when it was reported the airplane had been seen to dip suddenly over Jacumba mountain.

Jiffy-Jell

The Supreme Dessert

A New-Grade
Gelatine Dessert,
with Fruit-Juice
Flavors In Sealed
Vials

Get Your Free Package Cut Out Our Magazine Coupon

To All Women

Many women's magazines for January and February contain a full-page ad on Jiffy-Jell in colors. Each ad contains a coupon, good at your grocery for a full size package free.

Cut out the coupon and present it to your grocer. We will pay him for the package that he gives you.

We are making this offer in millions of homes, to let Jiffy-Jell tell its own story. Just serve it for one dinner as our treat.

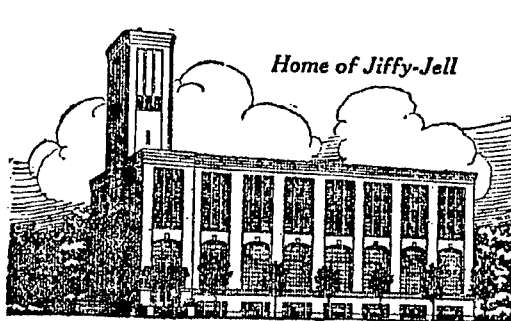

for and gro

A Delightful Surprise

Jiffy-Jell will prove a delightful surprise. It is made of a rare-grade gelatine, costing twice as much as the common.

The flavors are made from the fruit itself. They are made by concentrating the fresh fruit juice. They are very different from artificial flavors.

Then each flavor comes sealed in a vial. It keeps its freshness until used.

Home of Jiffy-Jell

Flavors which come mixed with the gelatine powder never keep their zest, as these do.

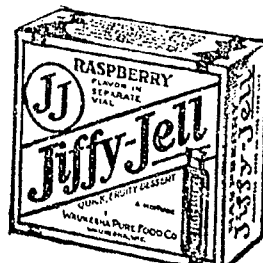

Then the boiling water, used to dissolve Jiffy-Jell, doesn't scald the flavor. The flavor is added from the vial when the jelly has partly cooled.

So you get in Jiffy-Jell the flavor of fruit that is newly picked. You never have tasted a jelly dessert that compares with it.

First Dinner Free

If you present the coupon you will get your first serving free. It will give you a new conception of these ideal fruit desserts. It will bring you an extra-grade gelatine, the finest you ever tasted. It will bring you fruit flavors which taste like crushed fruit. It will open the way to countless new delights.

Jiffy-Jell comes in seven flavors—Raspberry, Strawberry, Cherry, Orange, Lemon, Lime and Pineapple. The price when you buy it is two packages for 25c. A package makes 6 or 8 dishes.

Waukesha Pure Food Co., Waukesha, Wis.

NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES

"Pape's Diapiesin" Is the Only
Real Stomach Regulator
Known.

"Really does" put bad stomachs in order—really does! overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and acid; heart is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapiesin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.—Advertisement.

HOW GOOD THAT MUSTEROLE FEELS!

It Gets to That Sore Spot
Like Magic

A-h-h! That's a delicious relief for those sore muscles, those stiff joints, that lame back.

Musterole is a clean, white ointment, made with the oil of mustard and other home simples.

It does the work of the old-fashioned mustard plaster, minus the plaster and minus the blister!

You simply rub Musterole on the spot where the pain is—rub it on briskly—and usually the pain is gone.

No muss, no bother. Just comforting soothing relief—first a gentle glow, then a delightful sense of coolness. And best of all, no blisters like the old-fashioned mustard plaster used to make.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet and colds of the chest (it often prevents pneumonia).

DRINK HABIT

RELIABLE HOME TREATMENT

Thousands of wives, mothers and sisters are enthusiastic in their praise of Orlene, because it has cured their loved ones of the "Drink Habit" and thereby brought happiness to their homes. Can be given secretly. Orlene is prepared in two forms: No. 1, secret treatment; Orlene No. 2, the voluntary treatment. Costs only \$1.00 a box. Ask for booklet. Guard to Be Honored by Oakland Tonight at Ball

MISS LOTUS ROBB, who will take a prominent part in the National Guard Ball tonight. She is posing on the Maine monument in Lakeside Park.

Auditorium to Be Scene of Brilliant Social Af- fair for Soldier Boys

Oakland's royal welcome home to the members of the Fifth Infantry National Guard of California, who have returned from months of loyal service on the Mexican border, will be extended tonight in the grand ball tendered by the citizens of the municipality as an expression of the sentiment of the community. Open house will be held by the city in the Municipal Auditorium and the guests of

honor will be the boys in khaki, who responded to their country's call in the hour of need.

Informally will be the order of the evening. The olive drab uniforms and woolen shirts of service will be worn by the guardsmen, and for the citizens evening dress will be the exception. An added military effect will be given by the presence of many officers of the United States Army invited to be present from the various posts about the bay. Music will be furnished by the Oakland municipal band.

WILL ACCEPT PLEDGE.
Oakland members of 5th Infantry are not among the guardsmen who are objecting to taking the Federal oath, which pledges them to three years in the reserve after three years with the colors. Officers state that the men are favorably disposed toward the oath, and that there is no danger that the Alameda contingents will have to be placed on probation as has been done by Adjutant-General Torrey in the case of the Woodland company.

The grand ball tonight will be free to the public and every citizen of Oakland is invited to participate in the reception. It will be a domestic assemblage in the finest meaning of the word—a greeting of all the people to a portion of the community that has made itself worthy of special distinction.

COMMITTEES IN CHARGE.
The following well known society women will act as patronesses for the affair: Mrs. Mark L. Requa, chairman; Mrs. George B. Perkins, Mrs. Harry East Miller, Mrs. J. P. Carleton, Mrs. J. W. Metcalf, Mrs. Joseph E. Caine, Mrs. W. A. Magee, Mrs. C. A. Duke, Mrs. A. N. Mitchell, Mrs. Albert W. Palmer, Mrs. H. F. Huber, Mrs. Ralph Faneuf, Mrs. E. H. Faneuf, Mrs. R. D. Hunter, Mrs. J. D. French, Mrs. L. L. Nichol, Mrs. Frank French, Mrs. J. T. Fisher, Mrs. E. E. Vicary, Mrs. H. W. Encher, Mrs. J. W. White, Mrs. F. Hando, Mrs. W. E. Heatherton, Miss Augusta Sellander, Miss Ethel Moore, Miss Matilda Brown, Miss Annie Florence Brown.

The reception committee will be composed of the following prominent citizens: Mayor John L. Davis, Commissioner H. S. Anderson, Commissioner William J. Baccus, Commissioner W. H. Edwards, Commissioner F. J. Jackson, Auditor I. H. Clay, Harry L. Doyle, Louis Aber, F. B. Cook, Dr. A. S. Kelly, Miss Annie Florence Brown, Mrs. H. E. Hawes, Dr. S. H. Buteau, Charles J. Greenman, Walter D. Cole, Chief of Police, Judge, Fire Chief B. Whitehead, Judge George Saunels, Judge Mortimer Smith, George E. Cross, G. W. Bacon, E. F. Garrison, C. F. Horner, T. M. Robinson, M. J. Kelly, James B. Barber, Perry A. Haviland, Dr. H. B. Mehrmann, Grant D. Miller, Frank Barnett, George W. Erick, W. H. L. Hyman, O. P. Snedden, Judge T. W. Harris, Judge William H. Waste, Judge William H. Donohue, Judge William S. Wells, Judge P. D. Ogden, Judge Everett J. Brown, D. J. Murphy, Charles W. Meyer, F. W. Foss, John F. Mullins, W. E. Heatherton and J. D. Truax.

Corns Peel Right Off With "Gels-It"

2 Drops, and the Corn is a
"Goner!"

When you've got to walk on the sides of your shoe to get away from those blisters that hurt, here's only one corn remedy worth trying to do. Put 2 or 3 drops

Use "Gels-It" Your Corns Won't Swell in Water. Besides, They'll Peel Off. Loosen and Peel Off!

"Gels-It" on the corn right away. Pain and inflammation will disappear, the corn will begin to shrivel from that instant—then it loosens and falls right off.

There's no other corn-remover in the world that acts like "Gels-It." No new discovery has been made in corn-removal since "Gels-It" was born. Don't forget that fact. "Gels-It" does away with corns over with the use of salves that irritate, burn and make a bundle of your toes, blisters that hurt, and living, burning, itching, that draw blood. Use "Gels-It"—no more digging or cutting.

"Gels-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Sold in Oakland at all stores of The Owl Drug Co.—Advertisement.

TOO WEAK
TO FIGHT

The "Come-back" man was really never down-and-out. His weakened condition, because of over-work, lack of exercise, improper eating and living, demands stimulation to satisfy the cry for a health-giving appetite and the refreshing sleep essential to strength. GOLD MEDAL Hamlet Oil Capsules, the National Remedy of Holland, will do the work. They are wonderful! Three of these capsules each day will put a man on his feet before he knows it, whether this trouble comes from uric acid poisoning, the kidneys, gravel or stone in the bladder, stomach derangement or other ailments that befall the over-zealous American. Don't wait until you are entirely down-and-out, but take them today. Your druggist will gladly refund your money if they do not help you. 25c a bottle and \$1.00 per box. Accept no substitutes. Look for the name GOLD MEDAL on every box. They are the pure, original, imported Hamlet Oil Capsules. Guaranteed and sold by The Owl Drug Co.—Advertisement.

HIST! THE UNION IS THE VILLAIN

He's Raising the Cost of Living; Market Men So Declare.

Onions continue their villainous role in the high cost of living drama, enacted throughout sunny California, land of their growth. Today, according to produce dealers, they are 5 cents a pound or 10 on the hundred pounds, but tomorrow—ah, tomorrow! they may be higher. There is likelihood that they will approach the 6-cent stage and maybe the 6 1/2-cent mark on the price thermometer.

"California has but few acres of onions," said the manager of a local commission house today. "Oregon is nearly clean of the variety—twenty years still remaining in that market. We can sell every bulb under our control if we so wish to eastern buyers, obtaining 4 1/2 cents the pound. In thirty days or a little longer, it is possible that from 6 1/2 to 7 cents a pound will be obtained by dealers who control the situation in and around the bay."

There is no chance for relief. The Australian crop is not ready until March, and it costs growers 4 1/2 cents the pound to land them down at Long wharf. Counting cost of disposal and drainage charges, prices would be equalized. Not until April at the earliest will the Stockton and California crop be ready—and then relief will come.

The markets of the east and south-west are very short; that accounts for the unusual demand. The firms which have succeeded in buying enough of the present crop to create a "corner," purchased the variety long ago. Now, with dealers' supplies almost exhausted, these three firms, controlling the 100 carloads, meaning the state supply—will probably supply the entire demand.

Onions have advanced from \$4 on the central to \$5 within a few days. Shortly before the holiday season onions were \$3. The firms credited with bringing about the "corner" are Dwyer & Hansen, A. Levy and J. Zeinler Company and Woyl, Zuckerman & Co. They have held onions in their warehouses, according to local report, for many months awaiting the opportune time to unload.

Cold-in-head

Relieved in one minute. Get complimentary can of Kondon's from your druggist. Or buy a 25-cent tube. If it doesn't do you \$1 worth of good in a day, you can get your 25 cents back from the druggist up from the Kondon Mfg. Co., Minneapolis, Minn.

Use some quick. For colds, catarrh, coughs, nasal headaches, etc. Be sure it's the kind that's been used for 26 years—and by 50 million Americans—

PHYSICIAN FLEES FROM FEDERAL NET

Dr. Calvin C. Case, Former Head of Sanatorium, Sought by Government Operatives in Effort to Regain Drug Blanks

U. S. Agents Raid Institution Owned by Fugitive at 3423 Webster Street, Unearthing Large Quantity of Narcotics

Dr. Calvin C. Case, who conducts a sanatorium at 3423 Webster street, and whose license was recently revoked by the State Board of Pharmacy at Sacramento, is being sought by Federal agents, in possession of departmental narcotic blanks, on which it is possible to secure large quantities of illicit drugs.

The search for "Dr." Case follows upon the heels of a raid on his office, conducted by United States Internal Revenue agents yesterday afternoon, in which a quantity of opium, cocaine, morphine and their derivatives, was seized. Following the raid, Case disappeared from his home, 2249 Webster street, and all attempts to get in touch with him result in the reply that the former physician has left the city.

OYLER UNDER OBSERVATION.

The government has been at work for some time in an effort to wipe out the wholesale distribution of contraband drugs. Special agents in charge of the federal investigations, have found that the drugs were being distributed to users on both sides of the bay. All efforts to round up the ring which has been responsible for the practice, has been without avail, until recently. A month ago, Ralph H. Oyler, special investigator for the Internal Revenue Department, arrived in San Francisco from Washington, D. C., and took up the trail.

WARRANT ISSUED.

The inquiry set on foot by Oyler resulted in the issuance of a search warrant for Case and his sanatorium. This followed the discovery that drug stores on both sides of the bay were made innocent agents in the drug distribution scheme. Sanatorium patients were given prescriptions for two and three-day supplies of cocaine, heroin, laudanum and morphine, on prescriptions issued by "Dr." Case. In some cases, it is alleged, the addresses given by the persons who presented the prescriptions, were fictitious.

Inquiry at the sanatorium operated by the so-called physician, following the raid, disclosed the fact that the "patients" had been informed that "Dr." Case had retired from active practice as a practitioner. They were not informed that his license had been revoked.

Life Conservation Urged Upon Churches

NEW YORK, Jan. 11.—Science soon must stop short in its efforts to conserve human life unless the church steps in to develop the character and will power necessary to effectively fight disease and death, according to Rev. Charles Stelzle, secretary of the Federal Council of the Churches of Christ in America. Mr. Stelzle spoke here at a meeting of the Home Missions Council and the Council of Women for Home Missions, in connection with a life conservation campaign which is to be started by the organization he represents.

He said the campaign which his organization is about to begin will be backed by 140,000 individual churches with a combined membership of 18,000,000.

Sandwich King Loses Heavily Upon Beer

Hard luck has followed George E. Snyder ever since he made \$20,000 at the St. Louis Exposition selling ham sandwiches. In court yesterday just before Superior Judge William H. Donahue ruled against him in a suit to recover \$500 salary alleged to be due him from the Oakland Brewing Company, he declared that he had been trying to sell beer at the Panama Pacific Exposition.

San Jose Elks Will Conduct Initiation

Initiatory work at the Oakland lodge of Elks this evening will be conducted by the officers and members of San Jose lodge who are planning to pay a fraternal visit in this city. The local Elks are planning a dance for next Friday evening and have set the 18th and 25th as dates for their January whist parties.

Play & Play

Vaudeville Bills and Other Attractions Please

JANE O'BROURKE (LEFT) OF BISHOP'S PLAYERS AND ANN CHANDLER OF THE ORPHEUM.

There are three remarkably clever women comedians at the Orpheum this week. A very amusing animal comedy act, a beautiful playlet by a great actor, a smashing good quartette of men, a European novelty with which to open the show and some striking pictures are all found in the program.

Nellie Nichols and Ann Chandler, perhaps the two greatest singing comedienne in vaudeville are each scoring a solid success. Miss Nichols has never produced a better offering than her "Lillian Immigrant" number. Miss Chandler also has far better material than any she has offered before.

Clayton White, one of the best known actors in America, offers a charming play, "Peggy," in which laughter and tears come at quick intervals. The Volunteers, a male quartette of notable class, sing "Mules," who proved a festival of fun for everybody. Lottie Horner, a dainty miss with some delightful songs, sings "Young and April," with a unique soap bubble act. Harry Mayo and Harry Tally, who sing and chat in amuse-

ing style, and Paramount motion pictures round out the bill.

BRIGHT FEATURES ON BILL AT PANTAGES.

"The Betting Dittys" and the "London Bell Ringers" continue to be the star features of an interesting bill at the Pantages this week, that is drawing heavily. Olive Brice, whose songs are a joy forever, and Stanley and Burns, with their remarkable dances, Sigbee's wonderful dogs and other features are shown.

Next week comes Hardeen, the wonder worker. Locks, bolts and bars are toys to him. He is the veritable genius of escape. Like his brother, Harry Houdini, he seems simply to melt from restraint.

He is to endeavor to unravel a secret locked in the grave, when he attempts Robert Heller's cross mission, heightened to "Ed M. Lipka," an Oakland musician and performed alone in all the world by this artist. Hardeen has never heard of the solution, and will attempt to make the escape without seeing it, on the Pantages stage.

"FAIR AND WARNER" SEEN AT MACDONOUGH.

"Fair and Warner," that brilliant and super-successful farce by Avery Hopwood which was made famous over the whole country within a week of its New York opening, is being presented by Selwyn & Co. at the Macdonough theater this week. Up to and including Saturday night, a matinee will be given Saturday.

During the year of its run at the Eltinge theater in New York, "Fair and Warner" played to capacity houses. Inevitably in such a continuous large attendance, there were many visitors from out of New York. And from these grateful and delighted visitors, "Fair and Warner" received the constant word-of-mouth advertising which made its local appearance the special treat of the season.

Avery Hopwood's reputation was made by "Seven Days," and enhanced by "So-boddy's Widow." "Fair and Warner" lifted it wholly beyond the reach of competition.

Selwyn & Co. are presenting this clas-

sic of farces here with an excellent cast of farceurs.

"STEP LIVELY" PROVES HIT AT COLUMBIA.

"Step Lively" the new musical comedy with Will King and Harry Bernard in the leading comedy roles, is proving a big drawing card at the Columbia theater this week where the troupe is concluding the seventeenth week of its engagement. The comedy which was written and produced by Bernard is one of the brightest and funniest of its kind and is featured by two added attractions—Little Tetravini and Professor Kartman. The former is a diminutive less with a sweet singing voice; the latter a musician, who introduces some unusual stunts.

The theme of "Step Lively" concerns a marital war and Bernard in his familiar role of Mike Hogan comes in for more than his share of trouble because of the lack of tact displayed by King as Iko Lechinski. Foece Gardiner plays the title role, that of "Step Lively Dick." Will Hayes is seen as a tough, Clair Starr as a loving wife; Laura Vall as a suspicious wife; Jack Wise in the juvenile role and Elinore Faycin, a small part.

"PASSERS-BY" AT THE BISHOP PLAYHOUSE.

The play offered at the Bishop playhouse for its seventh week is all that could be desired in every way. In fact, it is one of the most pleasing plays seen at this theater so far and is attracting large crowds at every performance. The play is from the pen of Haddon Chambers and deals with a story and a set of characters that are decidedly "different." The story the play tells is brim full of interest to all. "Passers-by" carries with it a sermon of true altruism without being preachy.

The company at the Bishop playhouse handles this difficult play with a masterful ease. The settings are perfect and an added touch of realism is made possible by the revolving stage of the Bishop playhouse when a London street scene is shown with the fog and hansom cabs and the types to be found in such surroundings drawn with a poet stroke. This is a feature that was not possible

LOLITA FIELLEN TO START LIFE ANEW

Parent of 14-Year-Old Girl to Take Her to New Home; Search Continues.

TRIBUNE BUREAU

SAN FRANCISCO, Jan. 11.—Lolita Fiellen, the 14-year-old convent girl, who was found Wednesday morning in a dazed condition in San Francisco after wandering for two days following her abduction in Oakland by "James Pink," is at present with her mother, Mrs. H. J. Langdon, of Sacramento, at the home of Mrs. Burdette, 1427 Sacramento street. Mrs. Langdon is prostrated by the shock of her daughter's misfortune.

Lolita will not be taken back to Sacramento by her mother, it is understood by the police, nor will she return to St. Joseph's Academy in Berkeley to resume her convent studies. Mrs. Langdon plans to provide a new home for her daughter in some place where she will be unknown, and where she can begin life again free from the stigma of her misfortune.

The search for "James Pink," the young man who is responsible for the ruin of the girl's life, is being pressed by the police. Descriptions have been telegraphed to all the principal cities, and a clearance is being prepared for distribution throughout the state.

"Pink" is described as being about thirty years old, five feet eight inches tall, dark complexioned and weighing 160 or 165 pounds. He wore a diamond stickpin and had a ribbon diamond watch-fob with a monogram, which the girl was unable to decipher.

Accuses Husband of Neglecting Support

Alleging that her husband so far failed her that she was forced to take a neighborhood sewing to support herself and secure the necessities of life, Mrs. Allen E. French has filed suit against Harry T. French, Frederick Johnson asks for a divorce against John Johnson on the grounds of desertion.

In Filmland

KATHLYN WILLIAMS IN T. D. FEATURE.

In the full glory of a beauty that is queenly, enhanced by a luxurious surrounding, the finest settings that a Paramount picture can produce, Kathryn Williams in "Redeeming Love" at the New T. D. the world's greatest screen triumph of her career.

The story is a dramatic and the theme, though old, is dealt with in a "different" and unusual manner.

The evolution of change of character, after meeting the lover of her girlhood days, who is now a minister with a record for waging successfully campaigns against crime, forms an exciting and intense interest.

Contrasting the story of "Redeeming Love," the additional feature on this same program, which stars the intangible Barney Bernard, entitled "A Prince in the Pawnshop" tells of a gentle Jew who loves his neighbor as well as himself. Full of humor, pathos and drama, "A Prince in a Pawnshop" is bound to catch your fancy and ensure your interest.

STRANGE STORY TOLD IN RELIANCE FILM.

It is a strange story and a particularly thrilling one which is projected on the screen in the Reliance picture, in which E. K. Lincoln and June Elvidge are starring at the Reliance theater for the week-end. The picture is a dramatic and the theme, though old, is dealt with in a "different" and unusual manner.

Scenes of the great outdoors via for interest with those in a doctor's operating room. The story hinges on the efforts of a young man to cure his crippled sister. He takes her to a specialist who is making some startling experiments.

Both Lincoln and Miss Elvidge appear to remarkably good advantage and give clear and realistic portrayal of the characters. In the supporting cast are Ruth Findley, John Sainpolis, Fred Truesdell, Julia Stuart and a real Indian, Sena.

Other features of the bill include the latest issue of the Krazy Kat cartoons, a real show-up of the newest Spaulding dances and, for the children, a picture called "Bobby Bear Investigator."

Commencing next Sunday, the stellar attraction will be the queen of the screen, Clara Kimball Young.

DOUGLAS FAIRBANKS FILMS AT FRANKLIN.

Owing to popular demand the Franklin theater has found it necessary to bring back some of the first pictures produced by Douglas Fairbanks, the athletic comedian of the "Triangle Film Arts Co." picture in which he appeared in "This Picture in the Papers" the picture which first brought him recognition for his work in the greatest of all critics, the American public.

As many probably remember, Fairbanks goes through some terrific inconceivable stunts in this picture in the papers, the reason for this being that he is in love. If he succeeds in getting into the papers his fair lady promises him a half-interest in his business. If he gets the interest he gets the girl he is in love with.

After trying all kinds of hair raising stunts as a means to the end, he succeeds in a remarkably easy manner and obtains those things which he most desires.

Friday and Saturday he will be shown in two more of his best pictures, "The Habit of Hypocrisy," and "The Good-Bye Man."

In the original production and adds materially to the production.

LIGHTER MUSIC FOR CONCERT AT CORT.

A delightful program of the lighter musical masterpieces has been arranged by Alfred Hertz for the fifth "pop" concert of the special series being given by the San Francisco Symphony Orchestra, and scheduled for next Sunday afternoon at the Cort Theater.

Auber's "Fra Diavolo" overture, Bizet's First "L'Arlesienne" suite in four movements, and Saint-Saens' "Danse Macabre" are also included. Conductor, Master Louis Lorant will perform the violin solo in Saint-Saens' offering. Satuated with the Bohemian folk-music spirit is Smetana's "On the Moldau River," which is certain, too, of being received with favor.

Tickets for this "pop" concert range from but 15 cents to \$1, and are on sale now at Sherman, Clay & Company's.

The world-famous leader singer, Julia Culp, will be soloist January 19 and 21 at the Cort.

HIPPODROME SHOW.

Yesterday's new show at the Hippodrome is better, if anything, than the bill they had for the first half of the week.

Pittor the Great, a mystifier of the Houdini type, is the headline. He is a clever performer, and his escape from a kingpin chain, leaving his feet in the air, is marvellous.

Baril and Allen, two singers and comedians, are popular favorites in the 15-minute act "The New Yorker." Still and company keep the audience amused with their comedy sketch of "The New Yorker" and "The New Yorker." The "New Yorker" and "The New Yorker" are popular favorites in the 15-minute act "The New Yorker." Still and company keep the audience amused with their comedy sketch of "The New Yorker" and "The New Yorker."

Former Corporation Head Must Serve Term

PORTLAND, Ore., Jan. 11.—Frank Wheeler, former president of the United States Cigar Company, convicted in August, 1915, of using the mails to defraud, must serve one year and ten days in the federal penitentiary at McNeil's Island, the penalty for a rehearing was denied by the federal court here. He was convicted of selling stock in the company on false pretenses.

The same court judge also denied a rehearing for Thomas H. Sheridan, defendant president of the National Bank of Commerce, Ore. He is under sentence of five years.

Detectives Must Face Charges of Bribery

SACRAMENTO, Jan. 11.—The city of Long Beach has granted what is said to be the first jitney bus franchise in the country, to the Long Beach Transportation Company. This concern, composed of jitney bus drivers, secured a franchise to operate on two streets here for a period of ten years, paying to the city approximately \$6,500. Five-minute roadway must be maintained in the day time, and half hour service after midnight. If this is not done the franchise will be revoked. The city plans to grant franchises to jitneys on its other streets.

Appeal to Reason

Ask any of the great army of Postum users what influenced them to try this beverage, and the reply nine times out of ten will be that they were convinced the caffeine and tannin in tea and coffee were harmful to health.

Some imagine it is hard to give up coffee and tea. But it isn't, with the delightful aroma and flavor of Postum at hand. This flavor somewhat resembles that of a high-grade Java coffee, but there is no coffee in Postum—only the nourishing goodness of wheat, skillfully processed with a small per cent of wholesome molasses.

Postum comes in two forms: Postum Cereal, which has to be boiled; Instant Postum—soluble—made in the cup, instantly. Some prefer one, some the other. Made right, they are alike delicious, and the cost per cup is about the same. There's better health, comfort and efficiency in

will be dispatched with a copy of THE TRIBUNE at once.

THURSDAY, JANUARY 11, 1917.

A GREAT ADVANCE.

The announcement made yesterday that THE TRIBUNE has greatly increased its news service facilities emphasizes in a wholly impersonal way the advance made in recent years in the business of gathering and publishing information. It also calls to mind the obligation every newspaper is under to avail itself of all facilities for covering the world of news thoroughly if it means to keep up with the ever forward-moving procession. The advancement in the methods and efficiency in gathering and handling news has been as remarkable as in any other line of industry or profession, in a truly wonderful era of progress.

In former days no newspaper had more than one telegraphic news service. This was considered sufficient and probably was enough in a period of our life when the reading public was not so deeply interested in the events of the day in every activity as at present.

But today all papers must do better, and many have acquired two telegraphic services. THE TRIBUNE, however, has gone a step further and has taken four telegraphic news-gathering services. By so doing it has placed itself in direct touch with every news source and center in the world, and thus equips itself to give its readers all the news fit to print, from different angles and in the shortest possible time. This expansion of facilities is an evidence of THE TRIBUNE's faith in the district which it serves with news, and a recognition of the progress of that district.

Further than this, it puts Oakland and her surrounding communities in the forefront of United States cities with regard to facilities for keeping in touch with all that is going on—at home and abroad. TRIBUNE readers will be assured that they are getting all the news and will appreciate the fact that it is written by trained observers and able writers.

This policy of bigger and better service of THE TRIBUNE is in line with the spirit that is guiding nearly every other line of business—to give patrons all they require in the most desirable form.

PROGRESS IS BEING MADE.

A provisional statement of the terms by which a lease might be concluded by Mr. F. M. Smith with the city of Oakland of a certain portion of the land on the western waterfront, published in yesterday's TRIBUNE, indicates that gratifying progress is being made toward the disposal of this question. It discloses that conferences of the various committees appointed to discuss the lease project have been held. These have resulted in the formulation of tentative terms in such form as may enable the general public to pursue a comprehensive study of all proposed details.

These conferences have brought together for serious consideration of the proposal the different interested organizations, which include the port commission, the citizens' committee for outer harbor development and Mayor Davis' advisory committee of fifteen. It has developed that the views of these different bodies are not so far apart on principles and the object to be sought in the interest of the community as was generally believed, even as the committees themselves believed to be the case at one time. A basis for a joint agreement appears to have been reached.

This is a measurable advance in crystallizing apparently opposing views. Earnest and rational discussion of the situation was necessary before much progress could be expected, and the prospects now are perceptibly brighter that the best thing possible will be done toward paving the way for the development of the city's western waterfront. Such development, with fullest possible conservation of the city's interests, is surely the goal of every member of these several committees.

Through the willingness to discuss with each other the various phases of the proposal additional necessary steps may be accomplished without undue delay. Approval by the State legislature of the amendment to the charter extending the term for which a lease of public land may be made is necessary, and after that the detailed proposal to lease must be submitted to the people for their approval or rejection. It is desirable that as much time as possible be allowed for public discussion, and at the same time the proposal should be voted on at the municipal election next May in

order to avoid a special election. The citizens of Oakland hope that settlement of the preliminaries will be effected by the conference committee as soon as practicable.

A SPLENDID RECORD.

In his annual report, President King of the Oakland Chamber of Commerce, gave a resume of what Oakland accomplished in 1916 that loses none of its significance by the conservative and dispassionate manner in which it was presented. In speaking of the performances of last year, adjectives are superfluous; the cold, bare figures are graphic enough. Take this statement by Mr. King as an example:

In eleven months eighty-six new establishments have located in the east bay cities. Buildings and equipment will total \$5,200,000, and when in full operation will have added 18,000 additional employees to our industrial payroll. This means a yearly wage output of \$13,500,000.

This is a record which few, if any, industrial districts in the United States can duplicate. There are other figures of material advancement in Oakland equally impressive, but to quote further is merely to indulge in repetition. There is still another influence behind east shore progress that cannot be so easily translated into arithmetical computation: this is the loyalty, the industry and the unexampled energy of the Chamber of Commerce which was thrown unselfishly behind every issue tending toward community expansion. Concerning this Mr. King is modest, but the people of the community are beginning to realize the great service the chamber is rendering.

U. S. SHIPPING MEN IGNORED.

The composition of the Federal shipping board, which will have charge of the administration of the government merchant marine, was obviously dictated by the same policy as was exemplified in the seamen's bill. The latter measure was hostile legislation directed against American private ship-owners and operators. It was destructive in intent and punitive in effect. There has been abundant ground for believing that the seamen's bill was enacted to make room for a happier inauguration of the government ship ownership scheme.

The same animosity toward and disregard of the private shipping interests of the United States are exhibited in the selection of the members of the shipping board. American shipowners are without representation. Here is the composition of the board:

Mr. Denman, an admiralty lawyer of San Francisco, Democrat, is given the long term of six years. Mr. Baker of Baltimore, Democrat, and ex-president of the Atlantic Transport Line, a British steamship company operating under the British flag, is given the five-year term. Mr. Donald, Democrat, of New York, now president of the Donald Line, another British steamship company, operating under the British flag, is given the four-year term. Mr. White of Kansas City, Mo., Republican, lumber merchant, is named for the three-year term, and Mr. Brent of New Orleans, Republican, and a railroad official, the two-year term.

Thus we have a board entrusted with the administration of the government merchant marine composed of three citizens who have never been connected with the shipping industry at all, and two citizens who are or have been officials of British steamship companies. It is a matter of curious interest that the Donald Line steamers, with the exception of British licensed officers, are manned exclusively by Chinese in the deck, engine, steward and cook departments; even the petty officers are Chinese. Surely it was possible to have found an official of an American steamship line whose record would show a closer sympathy with American economic conditions than a British steamship official or one who had received his economic training under the British merchant flag. It seems that the President has in this case been as unmindful of the interests of organized labor, which was behind the enactment of the La Follette law, as of the interest of the private shipping industry of the country.

The annual report of the County Board of Public Welfare has been made to the public and the grand jury and it will not be pigeon-holed. It advises the immediate construction of a general hospital to cost approximately \$750,000, the money to be raised by a direct tax. It urges that no time be lost in starting this fund, in order to avoid a repetition of the method under which the county infirmary is being constructed. The board also declared that the enormous expenditure of \$410,000 for charities and corrections in Alameda county during the last fiscal year produced but little preventive results and recommended the immediate appointment of a social agent and the creation of a central bureau for handling all the social work of the county. It discussed the "primitive methods" of admission of patients to the county infirmary and a number of other timely subjects, all of which will recur with consistent frequency until they are definitely disposed of.

"Things have occurred that should not be possible. Secrets have found their way out of the State Department. The things I refer to do not concern the stock market; they concern the honor of the nation."

Thus spoke Senator William Joel Stone of Missouri on the floor of the Senate. A serious charge, indeed, and one that should not have been made unless he had in his possession the evidence to convict. Produce specific information, Senator, or take your place at the head of the class in "four-flushing," next to Mr. Thomas W. Lawson.

NOTES and COMMENT

It might be pointed out that the mud inundation that occurred yesterday was belated. The campaign was over more than two months ago.

There are signs that we are to have another installment of Thaw stuff. If so, the next time they get him there they ought to keep the lid closed.

Terpsichorean item from the Richmond Record-Herald: "To start a new dance all you have to do is to get a striking name and begin to wiggle."

The man who offered to sell himself for \$200 appears to have found a buyer and to have made delivery. Which may well be permitted to close the incident.

Relief from advancing prices, suggested by the Richmond Record-Herald: "If the cost of white paper interferes, love letters can be just as silly on any other color."

Politico-matrimonial item from the Contra Costa: "Miss Rankin, the new Congresswoman, is receiving more proposals of marriage since her elections than she can possibly accept."

There certainly is desirability of doing something to speculators in foods. When they corner the onion market the offense is rank and ought to smell all the way to Sacramento.

Among the things "urged" at Sacramento is the establishment of a State "psychopathic" hospital. There are not many things that are not being urged or regulated at the State capital just now.

Always something unusual going forward at Marysville. Boy was attacked by a wildcat and vanquished the ferocious beast. Boy is vouched for as a regular George Washington, hence the story is accepted.

"If you live they are mushrooms; if you die they are toadstools," is an old rule for determining the character of fungi. The rule seems to have been applied at Santa Barbara, recently, and was found to be reliable. They were toadstools.

At Idaho Falls the company indulged in an innovation, wherein revolvers figured, and when the collision was over one was dead and two wounded. This new dance may not have a popular vogue, though there is no telling—the craze has such a hold.

The wife who sues for divorce on the ground of cruelty, one of the counts being that the husband threw doughnuts at her, starts something new. The doughnut of commerce, though sometimes a subject for animadversion, is not universally regarded as a deadly missile.

Mr. Lawson of Boston is not proving a very satisfactory legislative plumber. After vociferously declaring that there is a leak, he fails to locate it. He has not had as striking success with this effort as he had with that one relating to the insurance abuses that was made twelve years ago.

"San Francisco is the manufacturing city of the West" is a caption that has been noticed. It is a fine free-hand inclusion of the vast manufacturing enterprises on the eastern bay shore, which is the real manufacturing center of San Francisco bay. A closer differentiation might be made.

The San Francisco police judges are of opinion that night courts are irrelevant, immaterial and of no necessity, which was the expected thing, and, indeed, may be a fact. The exigencies that law-breakers find themselves in should not unnecessarily disturb or inconvenience the law-abider.

Some of the speed maniacs who have been credited with having taken too much at roadside houses are now accredited with another kind of intoxication. They are held to be speed crazy. However, the man who gets run over isn't much benefited by the fact that the driver who is responsible was crazy from a desire to go fast rather than from too much liquor.

Senator Burnett proposes to amend the hotel and tenement statute so that you can't make the stories more than so high, and you must make the windows so large. This will merely supplant the nine-foot sheet provision and other regulations that have been devised to make it interesting for those who are concerned in hotels and lodging-houses.

SPRIT OF THE STATE PRESS

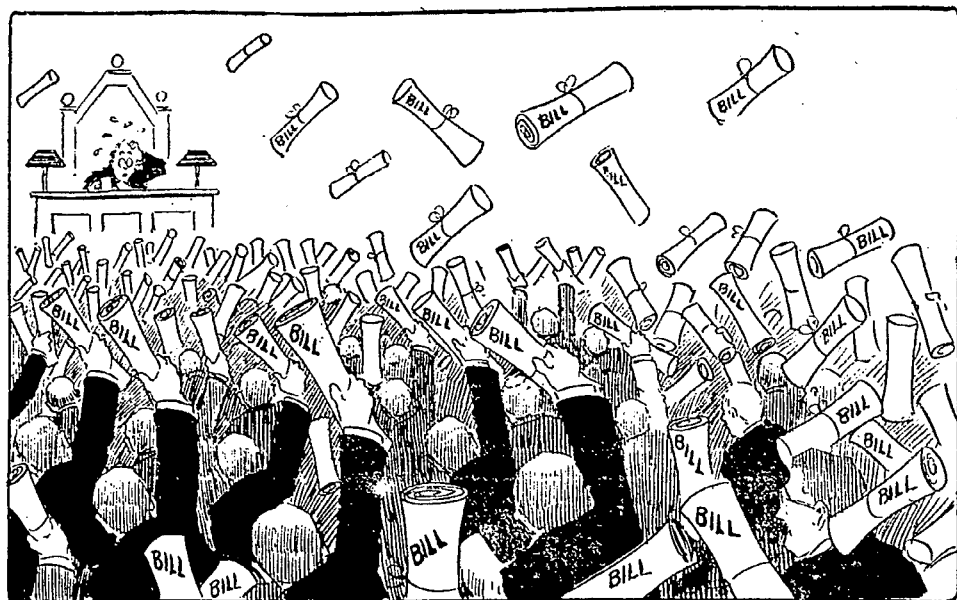

Because of the extreme shortage of coal, dealers are requesting Commandant Bennett of the navy yard to either loan or sell coal to Vallejo dealers so they may supply their trade. Quite a supply is on hand at the government yard, but whether the department will permit a great quantity to be disposed of is a question. The commandant will have to get permission from Washington. The shortage was caused by lack of freight cars and steamers.—Vallejo Times.

In the name of common sense and neighborly decency, let us hear no more criticisms on the city of Berkeley because it has been selected as the place for a branch farm loan bank. It is not at all likely that the avalanche of criticism against the Farm Loan Bank commission will have the slightest effect, nor is it probable that the citizens of Berkeley will view with appreciation the unkind things that have been printed in our newspapers regarding the college city.—Sacramento News.

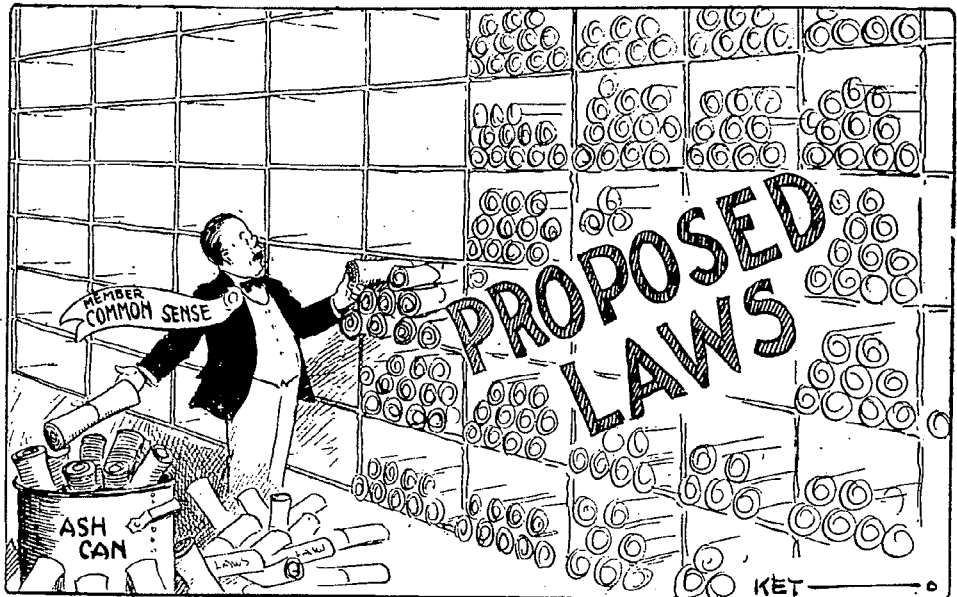

Can it be that we are to suffer the horrible deprivation of a shortage of blotters? Will the paper shortage really go so far as to check the output of the wonderfully picturesque—as well as useful—advertising blotters that have flooded our desks in years past?—Stockton Independent.

One hundred and ninety-two million feet of timber has been cut this season by the lumber companies operating in the mountains east of the San Joaquin valley.—Merced Star.

OUR BIFURCATED LEGISLATIVE SESSION.

THE FIRST HALF AS IT IS, AND—

THE SECOND HALF AS IT OUGHT TO BE.

BILL CODY: A TRIBUTE.

By Torrey Connor.

Who turned this 'tarnal nation' o' tired men
To happy, whoopin', care-free boys
ag'in?

Bill Cody.

Who brung to town his great, big, glitterin' show—
Injuns an' scouts, horses an' buffalo?

Bill Cody.

With urchins, all th' wagon-box c'd hold—
Fer one day us gray-heads was ten years old.

Who fer th' nation give his own red blood?
Who fit th' Injuns 'til them guys was good?

Bill Cody.

Who had his friends 'mong kings an' millionaires?
Yit never give himself no haughty airs?

Bill Cody.

Say, boys! Fer what Bill done fer you an' me
He order had a crown—by jimminy!

An' now Bill's gone! I'raps he has a crown;
Mebbe he's wearin' it, an' lookin' down—

Bill Cody?

Git out! Shoo, now! Don't tell me you don't know!
What Bill did with his great, big, glitterin' show!

Bill Cody.

Why, look-a here! Such ignorance, I do say!
Bill put th' 'merry' in Ameriky.

CLERKS SATISFIED.

To the Editor of The Tribune:

On the editorial page of your paper of the 7th inst. I note that some gentleman criticised the postmaster of the Oakland postoffice for overworking his women clerks at Christmas. He even stated that one woman clerk went to sleep in her chair at one time owing to fatigue.

Although we clerks appreciate the interest manifested in the clerks' welfare by the gentleman in question, yet we feel that he was ill-advised and that his information and consequent deductions were erroneous.

We also resent any reflection on the humanity or in the lack of interest in the clerks' welfare on the part of Postmaster Joseph J. Rosborough or his assistants.

We hereby claim that we each and all got off easier this past Christmas than on any Christmas for the past ten years, notwithstanding the business was heavier than ever before.

All the extra help that could be used was put on. Every woman clerk that was required to work overtime was paid at the rate of 40 cents an hour for the time in excess of eight hours per day. The women clerks, as a rule, receive \$100 per month, exclusive of overtime.

Of course for a week or ten days every Christmas all clerks and carriers have to work some overtime, and we are always willing to do so to accommodate the public. No office anywhere could handle the Christmas rush without working the help overtime.

Our postmaster looks after our interests as well as any postmaster could or ever has. I trust that this article might appear on the same page as the previous article appeared in your paper.

BY ONE OF THE WOMAN CLERKS IN THE OAKLAND POST-OFFICE.

January 8.

Living in Chicago must be bad enough of itself, but having to live there on forty cents a day is the limit.—Philadelphia Inquirer.

THE BLACK ISLE OF SERPENTS.

"Less than thirty miles east of Sulina, the only important Black sea port remaining in the possession of Rumania since Field Marshal von Mackensen captured Constantza, is the tiny Island of Serpents, around which cling many fantastic legends of fascinating interest, as well as several historical episodes which at one time threatened to become of international moment," says a war geography bulletin issued by the National Geographic Society.

"Unlike the monotonous reaches of reed-covered marshland which stretch for 50 miles along the Rumanian and Russian shores to the north and south of the Sulina mouth of the Danube, and seldom attaining an elevation of more than two feet above the level of the Black Sea, the Island of Serpents, or Fido-nisi, through its precipitous cliffs above the water to heights ranging from 50 to 100 feet. It is a mere fleck of rock in a sea whose depth a few yards from the shore is 20 fathoms. The islet is scarcely more than a mile in circumference, but it has been a beacon guiding ships to the Danube for many centuries, its elevation being in such striking contrast to the delta land of the great river.

"In ancient times Fido-nisi had a variety of names, but Grecian poets and travelers referred to it most frequently as Leuce, or the White Island, on account of the numerous seafowls which at certain seasons of the year swarmed over its cliffs.

"It was to this island that Thetis, the marine goddess, is supposed to have carried the ashes of her son Achilles, hence the temple erected here in honor of the hero of the Trojan war. Another legend relates that Thetis snatched the body of Achilles from the funeral pyre, that he was restored to life and that thereafter he lived on the island with Iphigenia, the daughter of Agamemnon, who had been saved from sacrifice by the goddess Artemis.

"One of the most poetic descriptions of the island and its temple is given by Arrian in the account of his voyage around the Black Sea in the second century of the Christian era. He wrote:

THE JESTER.

Mutually Mistaken.

"As I was crossing the bridge the other day," said an Irishman. "I met Pat O'Brien. O'Brien," says I, "how are you?" "Pretty well, thank you, Brady," says he. "Brady," says I, "that's not my name." "Falloh," says he, "and mine's not O'Brien." With that we again looked at each other and sure enough it was neither of us.—Boston Transcript.

A Slip.

Skinflint—I made Jolson take water the other night.

Pursued.

Girl's Father (sharply)—What are you driving at?

Nervy Sultor—I don't see why you continue to misunderstand my meaning; I have tried to make it plain enough. I want to marry your daughter, that's all there is to it. Do you follow me?

But there was no need of this question, for as the young man turned to leave, he had tangible evidence that his prospective father-in-law was following him closely.—Boston Transcript.

The Wrong Word.

"Oh, come! Stop borrowing trouble." "Borrowing? Gee whizz, man, trouble isn't like money. When I borrow money I can forget about it right away."—Boston Transcript.

TODAY 20 YEARS AGO.

Further steps toward the securing of a first-class electric lighting system for Emeryville, besides other important improvements, were taken at the fourth meeting of the trustees of the new town of Emeryville last night. The formal opening of the university and registration for the new term took place today.

Chief of Police Lloyd addressed the Baptist Ministers' Association. He criticized the ministers for lack of interest in reform movements.

James C. Quinn has been elected town recorder at Emeryville by a unanimous vote.

There is more than a probability that there may have to be another election called for the purpose of re-issuing the school bonds that matured a year ago.

SHIRT SLEEVES TO CLOAK.

President Wilson may not make such a hit by exchanging the shirt sleeve diplomacy of his forefathers for the post! brand that Europe has always used.—Chicago News.

POLITICIANS NOT 'STATESMEN.'

Some statesmen have feet of clay and some have tongues of mud.—Philadelphia Public Ledger.

BE AMICABLE WITH LABOR: ROCKEFELLER

Teach Young Men to Deal With Workmen in Friendly Manner, Financier Advises Educators in Address at Cornell

Deplores Theory of Big Class Struggle; Capital Not Enemy of Labor; Heads of Corporations to Be Social Organizers

BY INTERNATIONAL NEWS SERVICE
LEASD WIRE TO TRIBUNE
ITHACA, N. Y., Jan. 11.—"Teach your young men how to deal amicably with labor,"

This, in substance, was the advice given many educators here today by John D. Rockefeller Jr., in a speech commemorating "Founders' day" at Cornell University.

Rockefeller declared flatly that the labor and capital problem was the largest now confronting the country. The time is coming, he warned, when the big men of the country are going to be selected largely for their ability to get along with the working classes.

"Heretofore," he said, "the chief executives of important industrial corporations have been selected largely because of their capacity as organizers or financiers. The time is rapidly coming when the important qualifications for such positions will be a man's ability to deal successfully and amicably with labor."

LEFT TO EXPERIENCE.
"Yet, how to do this is a subject, I fancy, which is never thought of or referred to in the classroom. Like knowledge of the problems of sex, than which no department of life is more sacred, vital or deserving of full and ennobling instruction, an understanding of this subject is left to be acquired through experience, often bitter and costly, or through choice gleaned too frequently from ignorant and unreliable sources."

TOO OFTEN CAPITAL REGARDS LABOR MERELY AS A COMMODITY TO BE BOUGHT AND SOLD, WHILE LABOR NOT INFREQUENTLY REGARDS CAPITAL AS MONEY PERSONIFIED IN THE SOULLESS CORPORATION. But labor and capital are men with muscle and men with money. Both are human beings and the industrial problem is a great human problem.

ARE NOT ENEMIES.
"The popular impression that from the very nature of the case labor and capital are two great contending

Court Ruling in Bopp Case Excites Interest of World

CONVICTED ON CHARGE OF VIOLATING NEUTRALITY OF THE UNITED STATES. LEFT TO RIGHT THEY ARE: LIEUT. WILHELM VON BRINCKEN, CONSUL-GENERAL FRANZ BOPP, VICE-CONSUL ECKHARDT VON SCHACK AND C. C. CROWLEY.

Conviction of German Legation Attaches First in History of American Courts

By CONSUL-GENERAL FRANZ BOPP.

The verdict of a jury rendered against myself and my associates last night does not in any way change by status as German consul at San Francisco and I will remain in office. I am an innocent man and my status will be that of an innocent man until the highest courts of this country have passed on the merits of this case. If a new trial is denied me, I will appeal straight up to the United States Supreme Court. That is all I care to say.

SAN FRANCISCO, Jan. 11.—With Consul General Franz Bopp and Vice-Consul E. H. Von Schack of the German empire, officers of a nation at war, have been convicted of felonies in this country and speculation is being offered this morning as to just what the court will do.

On the indictment for setting on foot a military expedition against Canada, a felony offense, the maximum penalty is three years in prison or a fine of \$10,000, or both. For violating the Sherman anti-trust law, for conspiring to blow up munitions plants in restraint of trade, a misdemeanor, the penalty is one year or \$5000 fine, or both. The question which is agitating the minds of the public and which will be watched

forces arrayed against each other, each striving to gain the upper hand through force, each feeling that it must arm itself in order to secure from the other its rights and its just dues, is even more unfortunate than it is untrue.

"I cannot believe that labor and capital are necessarily enemies. I cannot believe that the success of one must depend upon the failure or lack of success of the other. Far from being enemies, these two forces must necessarily be partners."

Drinkers and Drug Users Suffer

When drinkers or narcotic drug users are forced to "stop" without the help of the Genuine Neal Treatment (dispensed only at 1550 Fell Street, San Francisco) they suffer intense torture. Collapse, insanity and even death frequently follow such a course.

The Neal Treatment destroys the craving and necessity for drink or drugs without suffering, restraint or hypodermic injections.

60 Neal Institutes in 60 principal cities. For full information in strict confidence call or address: W. S. Wallace, Mgr., Neal Institute, 1550 Fell St., San Francisco. Phone West 563.

'LEAK' PROBE IS BROUGHT TO A FINISH

Rules Committee Defeats Second Wood Resolution, and Refuses to Take Up First—Lawson Cleared of Contempt

Minority Report on the Matter May Be Entered by Republicans As Result of Developments; Message Discussed

By J. P. Yoder, United Press Staff Correspondent.
WASHINGTON, Jan. 11.—Investigation of the leak to Wall Street of advance information regarding President Wilson's note to belligerents came to an abrupt end today.

The House rules committee defeated the second Wood resolution providing for a probe of Thomas W. Lawson's charges and refused to take up his first resolution for a general probe.

By a strict party vote, the Campbell (Republican) resolution for an investigation, by a select committee was defeated.

"Secretary Lansing's statement that a note would be issued at 5 p. m. might as well not have been given,"

Riley said, referring to a statement carried by the Dow Jones ticker that "a peace manifesto would be issued."

Riley held the dispatch carried by the ticker operated by the Journal—at 2:05 p. m. the day of the Lansing confidential statement to newspapermen—did not come from Wall Street Journal representatives in Washington.

The despatch prepared—the street, he said, for the shock, and had really helped to strengthen the market by permitting brokers to get their accounts in shape for a break.

"If there had been no warning," he said, "a panic might have followed."

There was some selling on the 20th, the day the note tip was given. If all the selling had been on the next day, when the press published the note, we might have had the panic."

Pastor to Be Sworn As 'Vice Policeman'

DOUGLAS, Ark., Jan. 11.—Rev. Hubert L. Sparks, pastor of the First Baptist Church here, has accepted an offer of the city council to appoint him a policeman for the purpose of leading a campaign against illicit sale of liquor, gambling, drug sales and kindred vices. This action was taken by the council Monday night after publication of extracts from a sermon delivered by the minister in criticism of the methods employed by the city administration in dealing with alleged sales of whisky.

TRAFFIC MAN TO TALK.
Hugo Arnstein, traveling freight and passenger agent of the Oakland, Antioch & Eastern railway, will be the speaker before the Transportation Club at its regular weekly luncheon in the Hotel Oakland tomorrow.

Arnstein will speak upon traffic conditions and the relation of the railroad to the farmer.

Simple Way to Take Off Fat

There can be nothing simpler than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a case of Marmola Prescription Tablets from your druggist (or if you prefer, send 75c to Marmola Co., 864 Woodward Ave., Detroit, Mich.) and follow directions. No dieting, no exercise. Eat what you want—be as lazy as you like and keep on getting slimmer. And the best part of Marmola Prescription Tablets is their harmlessness. That is your absolute safeguard. Advertisement.

BONDS

MUNICIPAL CORPORATION

WM. CAVALIER & CO., announce the opening of offices in the Federal Realty Building, Oakland, California, to engage in the purchase and sale of standard municipal and corporation bonds and other conservative investment securities.

We are members of the San Francisco Stock and Bond Exchange and have established New York connections which will enable us to render efficient service in the execution of orders in both local and eastern securities.

The facilities of our organization are at your disposal. We shall be glad to confer with you at any time in regard to your investment needs and furnish accurate and reliable information on all standard issues.

We offer for January investment a carefully selected list of Corporation, Railroad and Municipal Bonds, suited to the requirements of the individual investor. We will be pleased to furnish a detailed circular on request.

MANY QUEEN CANDIDATES SEEK HONOR

Aspirants for Throne of Big Ad Masque Join TRIBUNE Contest; Designers at Work on Regal Robes for Occasion

There are more queens in Alameda county than the management of The TRIBUNE counted on when the contest was inaugurated for the selection of the Queen of the St. Valentine's Eve, Ad-Masque to be given under the auspices of the Advertising Bureau of the Oakland Chamber of Commerce in the Municipal Auditorium on February 14. Nominations are coming in so rapidly that a most spirited battle for votes is assured.

While it was intended that the contest should be primarily a rivalry between the beauties of Oakland for the honor of presiding over the brilliant pageant, it has become evident that candidates from neighboring cities are going to make a determined effort to carry off the coveted prize. Supporters of Oakland contestants will have to look well after the interests of their favorites or else the Queen of the Ad-masque will be from Berkeley, Piedmont or Alameda. The queen of the Ad-masque will rule as sovereign over the most colorful and brilliant assemblage ever seen in Oakland. Last year's affair was one that brought fame to Oakland far beyond the borders of the State, and the pageant of this year will surpass it in splendor. Designers, decorators and directors of pageants in all parts of the United States are being consulted by the advertising bureau for new ideas that will be embodied in Oakland's spectacular fete.

A FAIRY SCENE. The Municipal Auditorium will be converted into a scene of fairy magnificence with tinted decorations and original lighting effects. Miles of wire will be installed by expert electricians in the preparation for the color combinations that are to be used. The masque will be a shimmering, glowing, kaleidoscope shifting of colors. As the dancers, clad in multi-colored costumes, move about the vast floor, they will be flooded with lights that will turn them into the semblance of a moving mass of jewels.

Not only will the Ad-Masque be the most spectacular entertainment ever seen in this city, but it will be one of the most brilliant social events of the year as well. Society women will give their gracious presence as patronesses and the Queen will rule for the hour as arbitress of the exclusive. Those who will attend the ball as patronesses are Mrs. Wickham Havens, Mrs. Frank Proctor, Mrs. Leslie Greene, Mrs. Fred R. Sherman, Mrs. Charles Bates, Mrs. Charles Hittell, Mrs. Joseph P. Carleton, Mrs. William Ede, Mrs. Stuart Hawley, Mrs. William Cavalier, Mrs. Irving Lundborg, Mrs. Joseph J. Rosborough, Mrs. William Thornton White and Mrs. Harry Mosher.

"Beautiful Toy," Says Spring Famous Mansion Is to Be Sold

TRIBUNE BUREAU. 2015 SHATTUCK AVE. BERKELEY, Jan. 11.—"It was a toy, a great, fine toy, built with all the glaze and excitement with which a little boy builds his house of blocks. But like that structure its enjoyment has not been a continuing thing. I have not known unalloyed happiness there."

Thus about his mansion in Arlington Heights John Spring, Thousand Oaks millionaire, spoke to a friend more than a year ago after he had admitted his regret for Mrs. Genevieve Eckert and the long train of circumstances that resulted in two property suits between Mrs. Spring and himself and finally their divorce.

Now the mansion is for sale. George Friend, Spring's son-in-law, has put it on the market at \$125,000, which is practically \$100,000 less than it cost. The principal reason for the sale is Mrs. Spring, to whom the hillside palace went by deed of Spring when husband and wife made final settlement of their property rights out of court.

In the latter part of March, Mrs. Spring will leave on another Oriental tour. She was returning from the Orient when Spring's interest in Mrs. Eckert first became known generally to the public. Marjorie Spring, the only unmarried child of the family, will remain in Berkeley, residing with her sister, Mrs. Robert Newell. Returning from the Far East, Mrs. Spring will quit Berkeley forever as her permanent residence and make her home instead in Pasadena.

The Spring mansion cost \$200,000 merely to erect. It is surrounded by ten acres of villa property valued at \$30,000. A swimming pool on the site cost \$10,000. The Oriental world and countries elsewhere abroad were searched to the limit of their obscurest confines for rare plants, shrubs and trees. To buy these and install them after shipment cost almost \$100,000 more.

Mrs. Eckert, too, has secured a divorce from her husband, a former Washington resident, salesman for an Eastern firm. Both her and Spring's final decrees are to be granted late next fall.

PICKETING WILSON IS LIVELY JOB

(Continued From Page 9)

to "concert public opinion." I believe we concerted a good deal of it yesterday. Our first day of picketing the White House.

It was a pretty cold day to begin. But we had our reward.

The only persons who were not impressed, visibly, were President Wilson and Secretary Tumulty. They are difficult to impress.

Incidentally it is rather humorous for the President to say he "can advance no further than his party." Long ago—and a lot of people throughout the country very rightfully gained the impression that the party generally followed President Wilson, provided President Wilson asked—or drove—to them to follow him in about anything he decided on.

When we took up our station at 10 in the morning we were told the President was out picking golf. When he came back half an hour later, he must have seen us long before he got to that gate. It is hard not to see the Congressional Union banners. He seemed stonily absent, however.

Secretary Tumulty did the same when he came in. Just as the Federal amendment has failed to exist for them all these years, so did our purple, white and gold picket yesterday.

"Relative" of Lloyd-George Held Insane

Arthur George, accused of writing threatening letters and last week committed by a lunacy commission to Stockton asylum, was yesterday dismissed from custody after a jury had failed to agree as to his mental condition.

George, who claims relationship to David Lloyd George of England, and who ran amuck with the law when he attempted to force certain reforms in amusement houses in Oakland, summoned to the witness stand in his own behalf former Mayor J. Pitt Wilson of Berkeley, and John Wilson, a former councilman.

OAKLAND HARBOR AWARDED \$231,000

(Special to The TRIBUNE.) WASHINGTON, Jan. 11.—Oakland harbor is awarded \$231,000 in the annual rivers and harbors appropriation bill, final agreement which was reported today by the House committee.

The measure carries \$38,155,329, of which something over \$10,000,000 is for new projects, and the remainder for continuing or maintaining existing projects.

Chairman Sparkman will report the bill this week with the hope of having it taken up as soon as the pending postoffice bill is disposed of. An adverse minority report will be made by Representative Fear of Wisconsin.

Hair Often Ruined By Washing With Soap

Soap should be used very carefully if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary multifruit coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.—Advertisement.

'EFFICIENCY MEET' HELD IN CHURCH

Conference, Presided Over by Bishop, Considers New Works.

Representatives of forty-one pastoral charges of the Oakland District of the California Methodist Conference, are attending a two-day session of the efficiency conference, which is being held at the First Methodist Church of this city.

The conference, which opened yesterday, with Bishop Adna W. Leonard of San Francisco presiding, is the first of thirty such conferences to be held all over California for the benefit of the pastors and Sunday-school superintendents of the various Methodist churches.

One of the principal speakers at the conference was Bishop James W. Bashford of China, who reported on conditions in his own pastorate. The Chinese were never more united and at peace than at the present time, according to Bishop Bashford, and in the main are loyally behind the new president. The Methodist interest in China, said Bashford, have mapped out a definite program for doubling membership along efficiency lines within the next four years.

The keynote of the conference, as outlined by the various speakers, has been evangelism and world outlook. Bishop Leonard in two addresses, urged the members not to lose sight of their pastoral purposes amid church details. His talk, "Social Service and Evangelism," was one of the best addresses of the conference. Rev. Harry E. Wilson representing the Board of Sunday-schools, spoke on efficiency in Sunday-schools.

Dr. J. M. Larkin, editor of the California Christian Advocate, delivered the main address of today on "Church Efficiency." He was followed by Rev. E. G. Keith of the First Methodist church of Alameda, who accompanied delegates and Bible service by a talk on "Money and the Kingdom."

At the afternoon session the problems of the mission and missionary were outlined in detail by Rev. R. L. Dill of the Board of Home Missions and Church Extensions. The speaker was from the main headquarters at Philadelphia and told of the national and international work undertaken by the Methodist churches throughout the country. Other speakers were W. B. Hollingshead of Chicago; Dr. A. Wesley Mell of San Francisco; Dr. Carl M. Warner of Sacramento; Rev. C. W. Kochler of Golden Gate church closed the afternoon services with a prayer meeting.

The evening will be given over to devotion, an address on the "Gospel of Power," by Rev. E. R. Dille of the Trinity Methodist church of Berkeley, and the closing address of the conference by Bishop Leonard. The final proceedings of the conference will be a consecration service.

U. P. E. C. to Entertain at Annual Dance

Preparations are complete for the second annual ball given by the U. P. E. C. at U. P. E. C. hall, Seventh and Henry streets, tomorrow night.

"Felt Like Killing," Says Official Mayor Tries to Expel Councilman

Alameda Lawmeters Clash in a Win of Words.

ALAMEDA, Jan. 11.—With voices that faltered and threatened to break through stress of feeling, and with an electric-like and hair-trigger tension hung over the council chambers last night, Mayor P. H. Bartlett and Councilman William Hammond Jr. battled threats and defenses at each other.

The abandonment of the mayor's earlier determination to expel the councilman from the council chambers brought a semblance of peace, or rather an armed truce. The clash was preceded by several happenings, each of individual headline importance.

The first was the withdrawal of the charges of Prodden against Superintendent of Streets V. M. Prodden, together with Prodden's own aver and denial. Then came the motion instigated upon by Councilman Hammond that Prodden be paid his salary during his time of absence—a motion to have a lifting of the order of suspension incorporated in the motion was met by the mayor's statement that this took care of itself and was automatically lifted when the charges were withdrawn.

Hammond then moved the resolution of the council to expel the councilman from the council chambers and financial expert at a salary of \$2,000 a month, followed by the appointment of former Council President G. W. Stewart to fill the place of Councilman Hammond. The resolution was adopted by a vote of 10 to 4.

At one stage of the councilman's address to the lobby, which the councilman explained was addressed to the lobby and not to mayor and council, the councilman, referring to the mayor, said "I felt like killing him." Again referring to the mayor the councilman said "This fellow."

TENDER THROATS readily yield to the healing influence of

SCOTT'S EMULSION

It soothes the inflamed membranes and makes richer blood to repair the affected tissues—to help prevent tonsillitis or laryngitis. SCOTT'S is worth insisting upon.

Scott & Bowne, Bloomfield, N. J. 16-18

In withdrawing the Prodden charges the mayor said in a written statement that he had not changed his opinion of the street superintendent's incompetency but that the carrying of the new charter meant a new administration and a new street department in a few weeks, and that under these conditions the charges were withdrawn.

The largest crowd ever attending a council session or any other gathering in the council chambers, was packed into the council room, the city hall corridor, and even on a piece of low floor where the roof campers could peer in through an open window. Scores of belated men and women found it impossible to squeeze into the room. A majority of those present in the lobby were friends of the superintendent of streets.

Prodden was very generally congratulated over the outcome of the charges, though it is probable both he and his friends would have preferred to have had the matter sifted and either a complete vindication or condemnation verdict reached by the council.

Council President Conrad Roth, elected council head at the last meeting, occupied his desk and seat in the first time, but took no special part in the proceedings other than that of councilman. Greening Majors, named by the mayor Tuesday as councilman from the Fourth ward, took the oath of office and his seat.

Councilman Leo Smith offered a resolution creating the position of purchasing agent and city financial expert at a salary of \$186 a month, the appointment to be made by the mayor. Councilman G. W. Stewart and Conrad Roth excused themselves from voting. Councilman Hammond and E. J. Frost voted with the rider that they favored the resolution if Councilman Bullock was to be appointed. Councilman Probst, before voting, thought that the city did not need to have such position created.

The motion carried and following came the mayor's appointment of Councilman Bullock. Bullock assumes office at once.

tated a row. My object all the time has been the good of the city. I think I have never failed. When this man and I disagreed and he couldn't use me we fell out. Since then he has attacked my honor, my morality, my financial standing. Everything he could do to injure me he has done to me. I am in a pretty tight fix. I have felt like killing that fellow."

Mayor Bartlett: "You are called to order."

Councilman Greene Majors again attempted to intervene, and other councilmen started to say something as the councilman voiced his words about the inclination to kill the mayor. After the point of order was enforced Hammond continued: "You see what kind of a chance you get in here, don't you?"

The expulsion plan was dropped without further words and a vote was taken on the Smith resolution. Councilman G. W. Stewart and Conrad Roth excused themselves from voting. Councilman Hammond and E. J. Frost voted with the rider that they favored the resolution if Councilman Bullock was to be appointed. Councilman Probst, before voting, thought that the city did not need to have such position created.

Who Will Be the Honored Queen?

St. Valentine's Eve, the Ad Masque!

Who will be the Pageant Queen?

That is the question the members of the fair sex are asking one another—

Nominations are coming in fast. Friends are rallying around their favorites. Oakland's fairest maids will be contestants for the golden scepter of "Her Majesty the Queen."

Has your favorite been nominated? Ask her. If not, get busy. Send in the nominating blank below. The time is short—quick action necessary. A list of candidates with their standing will be published within a few days.

Remember—Any Lodge, Association, Union, Store, Civic Organization or Individual may nominate a candidate for Queen by using the attached coupon.

\$1,000 For a Queen

NOMINATE YOUR FAVORITE!

Then boost among your friends.

A portion of the \$1,000 is yours.

GET BUSY

HERE ARE THE CONDITIONS

READ THEM CAREFULLY.

1—Any Lodge, Association, Union, Store, Civic Organization or Individual may nominate a candidate for Queen by using the attached coupon.

2—The nominating coupon will entitle the candidate to 1000 complimentary votes.

3—Additional votes will be credited the candidate as follows:

SCHEDULE BELOW FOR NEW SUBSCRIPTIONS ONLY

One 12 months' paid-in-advance subscription to The Tribune 500 votes
One 6 months' paid-in-advance subscription to The Tribune 200 votes
One 3 months' paid-in-advance subscription to The Tribune 75 votes

OLD SUBSCRIPTIONS COUNT ALSO
Renew your subscription and votes will be counted as follows:

One 12 months' renewal subscription paid in advance 200 votes
One 6 months' renewal subscription paid in advance 75 votes
One 3 months' renewal subscription paid in advance 25 votes

GOOD FOR 1,000 VOTES

Votes will be counted and prizes awarded by a committee of local business men. No employee of The TRIBUNE or member of family eligible to enter this contest.

NOMINATION BLANK

Can be used ONLY ONCE for any one candidate.

OAKLAND TRIBUNE AD-MASQUE QUEEN BUREAU:

Please enter name (write name in full and plainly) as a candidate for Queen of the SECOND ANNUAL AD-MASQUE BALL, February 14, 1917.
Send me necessary supplies, information, etc. My identity is to be kept from the candidate. yes no.

Inside Stuff

By Billy Fitz

DOWN in Los Angeles, where press agents attain their highest development, the king of them all is Barney Oldfield, who, by the way, is a brother-in-law of Harry Boyle, though he wasn't responsible for electing Harry to the school board.

Oldfield has made enough money so that he doesn't have to do much else but ride around and pose for pictures, always being careful to see that the Oldfield smile and cigar are in their proper place. That omnipresent cigar was one of the best press agent stunts ever conceived, and recalls Colonel Irish's missing necktie, and the father of Frank Leach, who habitually held a rose between his teeth.

Getting back to Barney, he has been showing Angelino publicity men how to achieve results in the sport world, much to the amusement of those who are on the inside of the schemes.

Oldfield is quite a pal of Frank Chance, Tom Powers, Eddie Maier, Tom Darnody and other sporting celebrities of Los Angeles.

We have it straight that all the talk about Frank Chance going back to Chicago to manage the Cubs resulted from Barney's desire to give the Angels a "little boost."

Oldfield sent a telegram to Charley Weeghman, the Chicago club owner, without consulting Chance, and then gave the story to the papers that negotiations had been opened. That started a flood of denials and counter-denials which put Los Angeles on the sporting map for a couple of weeks. Chance never had any notion of going to the Cubs, nor Weeghman any notion of hiring the Peerless Leader.

When that yarn exploded, Oldfield started the story that Chance was going to retire from baseball which of course gave Frank a chance to hog the limelight some more. Two days later Oldfield went down to San Diego on a hunting trip and fell in with a bunch of newspapermen. He was greeted with the usual: "What's doing?" and he responded by taking each reporter aside and whispering to him a rumor that Chance was going to sell his interest in the Angels and become manager and part owner of the Vernon Club. The San Diego papers fell for that story and then were busy for several days taking it back.

Now Barney's fine Italian hand is seen in the behavior of Tom Darnody, who has known for a month who was going to manage the Vernon Club. The news has been kept from the public merely to give Los Angeles sporting writers something to write about and thus keep the Tigers in the profitable limelight of publicity. You're dead right, it's a great game!

And Here's An Oaklander Who Is Making Good in a Pretty Tough Proposition

Speaking of press agents, permit us to take our hat off to Rudolph B. Brunner, the Oakland billiardist who is now back in Chicago as advance agent for Ora Morningstar and Koji Yamada.

Brunner met Morningstar and Yamada when they came to Oakland three months ago. They were looking for a manager, and Brunner applied for the job. Armed with little more than a letter from the writer, asking sporting editors to give him the courtesy which he had for years shown to newspapermen, Brunner took Yamada and Morningstar out on the continental trail just ahead of Willie Hoppe and the latter's brilliant company.

Now, it's a pretty tough job to run opposition to Hoppe, who is a world's champion if there ever was one. But Brunner is getting into all the sporting pages of Chicago papers every day, and it looks now as though he would succeed in forcing Hoppe into a match with Morningstar.

Brunner has succeeded in getting his stuff on the wires of the big news agencies which is the crowning achievement of a press agent.

Here's a Brand New Angle Now to That "Four-Busher" Ruling

The new Coast League ruling that all clubs shall carry at least four players who have not had a season in Class AA or better, can not be enforced. The ruling will hold good just so long as the rival magnates see fit to live up to a gentleman's agreement. But if anyone wants to violate the rule there is no way to prevent it.

This is the opinion of baseball men in Oakland, where the rule originated, following a study of the National Commission's decision last Saturday in regard to a similar platform adopted by the Central Association.

The Central Association adopted a rule last season prohibiting the employment of more than five veteran players. Manager Egan of the Muscatine Club violated the rule, and the league officials declined to count some of his victories in consequence. The Muscatine Club thereupon appealed to the National Commission which notified President Justice of the Central Association that such legislation was null and void.

The commission held that the only test that should be applied in the engagement of a minor league ball player willing to play for a salary within the prescribed limit, was his eligibility to contract.

Wherefore, if the Coast League managers agree among themselves to live up to Cal Ewing's plan, it will have to be merely a question of good faith, and that's a slender thread when the race gets very hot.

Coast League managers, if they choose, may follow the rule even in the face of the National Commission's edict, for it is the privilege of an owner to employ or discharge any player he sees fit without explaining the reason, but there will be no possible way of enforcing the measure on a manager who doesn't like it.

Roy Corhan Will Be a Hard Chap to Satisfy With a San Francisco Contract

San Francisco fans are wondering how Harry Wolverton is going to handle Roy Corhan this season. The temperamental Seal shortstop is not likely to stand for any substantial cut in his salary, and yet Wolverton can hardly afford to pay him the big wages which he got with the Cardinals.

Corhan knows his value to the Seals and will extract his pound of flesh relentlessly as he did in 1913 when he, Fanning and Walter Schmidt turned hold-ups rather than hold-outs. On that occasion, Corhan compelled the San Francisco management to sweeten his contract by something like \$1300. When he went to St. Louis he came in for another swell raise. Now he is back with San Francisco, and his chances of again getting in the majors are not one in a hundred. Yet, Corhan is needed by the Seals, and he will take advantage of the fact.

The worst of it is that Roy to be at his best must be satisfied. He is a very sensitive fellow, quick to nurse a grievance and sulk. Wolverton must find a way to make his star glad to play for San Francisco, and yet reduce his wages. Sort of painless dentistry, you know.

SOLDIER ELDER GOES DOWN UNDER NORTON ATTACK

Angel Island Regular Stopped in Second Round by Right to Jaw.

Soldier Elder came near being packed out of the West Oakland trenches last night first fight. As it was, Al Norton dropped a sixteen inch sucker on the Soldier's jaw in the second round, and the referee had to do the Red Cross act. A big crowd saw the beef barons stage a battle of the Marne, and went away wondering how Norton could look like a champion after losing to a local boy in Thanksgiving day. For the lanky young heavyweights who once packed the name of Young Al Kaufman surely did bear all the ear marks of a title holder last night. He found himself facing a fellow who must have outweighed him forty pounds, but had no more idea of a defense than a rabbit.

The first round had not gone more than twenty seconds when Norton shot a light left to the head and then crossed his right fist to the Soldier's jaw. Elder's legs staggered under him but he rallied and lasted the round out. Norton was charging across the ring swinging both arms with ponderous might. Norton kept inside the swings and watched his chance. With a minute of the second round gone, Norton caught Elder with his guard lowered and swung a right hand poppy punch. Elder went flat on his back, rolled over and took the count of six. He arose under the hair of his opponent's mercy. Norton was driving some right to the jaw like a pile driver and the Soldier was gradually sinking when the police bell sounded and Bob Shand intervened.

Norton boxed last night just as he did when he first faced McCallister. Spider Kelly was behind him and there were a few ringside snickers enough to attribute that fact to Al's success, for he remained until May 1, when the crowd showed the better of the two than when the famous San Franciscan was coaching him in his last two appearances.

The winner got plenty of challenges, including those from Jack Hendricks, Bill Schuler and Willie McKeen. Webb's Sausage.

Frankie Jones made a scientific suggestion out of Willie McKeen's offer and fatter than usual. Maybe Willie had been bailing pay all day. Whatever was the reason, Jones was not to be trifled with. He entered the ring and the treatment he got was not the sort calculated to prove his worth. Jones was hit with a right hand, the left and with it he crumpled the Webb countenance worse than the crowd in their drunken state. The crowd got little chance to cheer its favorite who managed to stick it out and that's about all.

REGULAR HUM-DINGER.
The Lusher-Peisinger battle was the most tropical scrap started in the city in many years. The fans rose up and nearly wrecked the joint when Lusher spilled the last of his beer through the four rounds launched a terrible attack upon his opponent's body, while Peisinger tried to keep him from a benevolent effort to cave in the Lusher jaw. The judges gave the bout to Lusher, but for some reason they entered the way Frank pumped in fifty right-hand smashes to the stomach. He charged and Peisinger was hit over the time and stopped him with uppercuts that sounded like the crash of a bowling ball.

Peisinger showed extraordinary ability to withstand the punishment, and never backed up for a minute. He had Lusher in a bad way several times.

SOME LITTLE ROOSTERS!
Those two little game cocks, Jimmy Dundee and Jimmie Marshall, enjoyed themselves hugely for four rounds, and at the conclusion the judges gave Dundee the victory. Marshall was hit hard and the battle figured a draw, and the noble trio of officials were roundly hooted and jeered by the crowd.

Marshall speeded up in the final spasm. Dundee's lead was too big to be overcome. Marshall was hit hard and the noble trio of officials were roundly hooted and jeered by the crowd.

KID JESSE IS TAMED.
Kid Jesse, a tough 140-pounder, took his first lesson in boxing last night from Freddie Marshall. The kid was hit hard and the noble trio of officials were roundly hooted and jeered by the crowd.

MOY WHIPS SHARKEY.
Charley Moy took a pretty good beating around his chunky opponent and was hit hard and the noble trio of officials were roundly hooted and jeered by the crowd.

"WHITEY" GETS A DRAW.
Whitey Smith returned to the ring after a long absence and fought a draw with Claire Bromo, the little whirlwind from San Francisco. Bromo clearly out-fought Smith in the third round and the noble trio of officials were roundly hooted and jeered by the crowd.

OKLAHOMA WINS.
EUGENE, Okla., Jan. 11.—Oklahoma Normal school defeated the University of Oregon at basketball yesterday. The visitors outplayed the Oregon men, whose best appearance for the season was made in yesterday's game.

DOOLAN IS MANAGER.
ROCHESTER, N. Y., Jan. 11.—Mike Doolan has signed a contract to manage the Rochester International league team for the 1917 season.

CEGAR RAPIDS, Iowa, Jan. 11.—At the suggestion of President Tearnay of the Three-I league, director of the Central Association at a meeting held here, the representatives of the Three-I league, and possibly the Western league, to plan a re-districting of their circuits. The meeting will be held in Chicago, probably next week.

COLLEGE COACH NAMED.
GRINNELL, Iowa, Jan. 10.—Oscar Solom, a former Minnesota university football player, was last night elected coach of the Grinnell college football squad for 1917.

Introducing a Giant Oak

This is the first photo shown of the huge southpaw, Jess Buckles, who has been secured by the Oaks from the New York Americans. Some boy, no doubt, is writing to the sporting editor of The TRIBUNE, Buckles has this to say for himself:

"My first season in organized baseball was in 1914 with the Medicine Hat club of the Western Canada league. I had a good season and was drafted by the Chicago Cubs with whom I remained until May 1, when the twenty-one-man rule went into effect and I was sent to Troy in the New York State league. I think I pitched more good games there than any other time in my career, though I lost more of them, as we had a very weak club.

In 1916 Troy sold me to Scranton in the same circuit and I had a good season, at the close of which I was secured by the New York Americans. With them, I worked in only a few innings, finishing up games which were already lost.

"I will be very glad to get on with Oakland and confident I can pitch winning ball for the club." Written by a man, Jess. Welcome to our city!

Local Boy in China Wins Track Event

In an athletic competition held recently among the members of the American legation guard, stationed at Peking, China, Fenton L. Harrell, a United States marine, formerly of Oakland, won the "Race Race," a man-carrying contest that tests the efficiency of soldiers for Red Cross work.

Fenton, who is a son of Mrs. Mary Harrell, 1038 Thirty-third avenue, enlisted in the United States marine corps at his San Francisco recruiting station on January 24, last, and for several months he has been serving with the marines in Peking, where armed forces from every civilized nation, including the warring countries of Europe, are living in comparative friendship.

Young Harrell and his partner, Roy Knapp, won several points for their company, which is competing for a trophy presented by the American Railway Co. of China.

Chicago Captain May Abandon Game

CHICAGO, Jan. 10.—Frank Pershing, captain-elect of the 1917 University of Chicago football team, may be obliged to abandon the game scheduled for today. At the close of the last football season he suffered a physical collapse and his physicians urged a rest in California for at least three months.

Pershing, who played quarterback on the football eleven, was reckoned an important figure in the Chicago hopes for a championship. He is a nephew of Major-General John J. Pershing, commanding the American punitive expedition in Mexico.

Umpire Staff to Be Named This Week

CHICAGO, Jan. 11.—B. B. Johnson, president of the American Baseball league, intimated yesterday that he will announce the personnel of his umpiring staff for 1917 within a week. Eight men will be carried instead of nine, as heretofore. The only new member already announced is George Moriarty, formerly of the Chicago Cubs.

STANDARD OIL COMPANY (CALIFORNIA)

TENER IS KEEN FOR SWEET SPRING NOT DULL WINTER

National League Boss Fights Scheme to Re-Arrange Major Schedules.

By H. C. HAMILTON.
(United Press Staff Correspondent.)

NEW YORK, Jan. 11.—There is one good reason why arguments in favor of shortening National league schedules or starting them later, never got serious consideration at meetings of the league's executive committee.

Governor John K. Tener is the reason and his explanations always put a quietus on talk of that sort. Tener figures it out last summer when the Boston Braves were having such a hard time with at-home games.

Early in the spring a year ago the Braves had a good weather at home and so did other National league clubs in the east. But later it began to rain, was cold and everything seemed to conspire against them. The result was that although the Braves were in the race for the pennant, they were one of the poorest years in their history.

Governor Tener observed that good weather had favored his club early and he began to go into records. He found that just as often as not good weather was on the side of the home team. In fact for the first month of the season, then would come bad spells. Some times they struck the home team and the result and some times they didn't. He found he declared that more games had been lost in late season than in the early spring.

With this to work on, it was easy to discover that starting the season earlier or cutting it short would actually work a hardship on the clubs instead of giving them better weather for the coming season.

John Hendler, secretary of the league, added a little information when he said that for several years November weather has been better for baseball than many summer dates.

It isn't always the case that spring weather is most favorable. Some years have had the perfect ones in June, but recent years have been just the reverse.

Statistics of this kind effectually stopped talk of rearranging schedules.

Packey McFarland wants to come back. Pitchers that go too often to wells.

Mike Donlin is trying to stage some fights in Havana. He might match John Evers with some one.

At least Tillie Slater isn't a holdout.

Chick Evans is going to teach the Cubs how to bat, thereby accomplishing something no one else ever considered possible.

Leverenz Wanted Job With Oaks

Walter Leverenz applied to Del Howard this winter for a job with the Oaks but Howard refused to take him. Howard is now on his staff. Leverenz then applied to Del Howard for a job with the Oaks but Howard refused to take him. Howard is now on his staff.

Howard's team was "The Genesee" and his opponents "The Union." Howard's team was "The Genesee" and his opponents "The Union."

He's a Bonehead Specialist Oaks' Trainer Gets a License Likewise, He Grows a Goatee!

YOUR BEAN LOOKS O.K. THANKS! WONDER IF HE EVER TRAINED LIONS!

Sporting a brand-new Van Dyke and an osteopathic license, "Dr." H. S. McMahon, last year's trainer for the Oaks, showed up at baseball headquarters today and affixed his signature to a 1917 contract. This effectively ended the wild scramble that has been going on for Doc's job, and caused a genuine panic in the charley horse stable.

The Oaks' conditioner has been wintering on a ranch in Placer county, and he slipped into town yesterday disguised by a layer of fat and a brown path on his chin. Del Howard would not have recognized McMahon but for the latter's stylish ears which prove him to be an expert in "spondylotherapy," the only thing from which the Oaks didn't suffer last season.

McMahon is going to give night treatments to Oak athletes in his down-town office, so that they won't have to hike to Dr. McMahon's office across the bay, and thus lose their supper and wear holes in their dispositions.

McMahon likewise predicts that the Oaks will win the pennant, the last necessary action having been taken when they signed him.

SAN JOSEANS TO SHOW THEIR SKILL

Visiting Bowlers Scheduled to Meet Picked Team on Sunday Night.

Knife Used on Cancerous Growth

Relief Quick and Permanent.
On Nov. 23rd, 1915, came to our office a man 58 years of age. He was suffering from cancer protruding from the corner of the left eye. The growth (the size of a hazelnut) was very annoying, painful and in an unusually dangerous location. It had been burned off with caustic, only to return worse than before. After all others had failed, we cured him in seven weeks. He has had no trouble since. The gentleman's name is Mr. D. R. Whipple, 140 Valencia St., Fresno, Cal. Write and ask him about the Dr. J. H. Shirley Co. We are located at 252 12th St., Oakland, Cal. Examination free. Advertisement.

Library Club Will Outline Year's Plans

The Alden Library and Improvement Club will hold its regular meeting tomorrow evening at 8 o'clock at the Vander Naillen school of engineering, 5175 Telegraph avenue. The meeting will be in the nature of an assembly of members to outline plans for 1917.

FREE CONCERT.
A free concert, open to the public, will be given in the lounge of the Hotel Oakland next Sunday evening, at 8 o'clock by the band of the California Grays, the noted San Francisco marching organization. The affair is under the auspices of the Teachers' Correlation Association of the same city. It is intended as an educational feature.

Evidence in Alleged Police Ring Complete

CHICAGO, Jan. 11.—The case against Charles C. Healey, chief of police of Chicago, arrested on charges of bribery, conspiracy and extortion is complete, Attorney Hoyne, who has been investigating the alleged police graft ring, announced today.

According to Hoyne, Police Lieutenant Augustus M. White, Thomas Costello, named as the go-between; Thomas Newbold and Wm. Weinstein, owners of questionable hotels, who are said to have been implicated in paying money to have police officers transferred, have confessed.

ASSOCIATION OBJECTS TO CAR SERVICE

Investigation of Use of Franklin Street Urged Upon the City Council; Plans for New Extension Are Also Offered

Report Suggests Connection of Berkeley Service With the Other Feeders and a New Routing From 12th Fallon

Calling the attention of the municipal government to the use being made by the Southern Pacific Company of the tracks in Franklin street north of Fourteenth, the Downtown Property Owners' Association presented to the city council this morning, through President S. E. Biddle and W. L. Chamberlain, chairman of the executive committee, a request for a thorough investigation of this matter. Plans were at the same time submitted for an extension of the Southern Pacific electric service to Berkeley via Sixteenth street, the establishment of a new street car service from Twelfth and Fallon along Eleventh street to Clay or Jefferson to connect with the Thirteenth street line.

The communication, which includes other suggestions for the improvement of the downtown district, was as follows:

ASK INVESTIGATION.
"Your attention is respectfully requested to the present use of that portion of Franklin street lying north of Fourteenth street by the electric train service of the Southern Pacific Railroad Company, under and by the franchise rights given the Peninsula Railroad Company for a street car service."

"The Downtown Property Owners' Association hereby asks that thorough investigation be made of the use of said Franklin street by the Southern Pacific Railroad Company and with particular regard to the electric train service and heavy car equipment."

"This association upon the urgent request of owners of valuable business property and the United Improvement Clubs of Lake Merritt, has inaugurated a comprehensive plan for development and improvement of that portion of our business district lying easterly of Broadway and above Tenth street."

"These plans include the following developments and traffic improvements, which are imperative for the best interests of the city of Oakland."

"First: The improvement by an adequate building for business purposes for that portion of the city block of land bounded by Thirteenth and Fourteenth streets, Franklin and Webster streets, not owned by the Southern Pacific Railroad Company; and to establish from this station fast electric car service with lighter equipment, via Sixteenth street to Berkeley, and to back Oakland via Webster street and with possible future extensions to Richmond through Berkeley over this route to San Leandro and Hayward."

URGE NEW SERVICE.
"Second: A new street car service connecting and extending south from Twelfth street to Fallon westerly over Eleventh street to Clay or Jefferson streets and establishing a loop system with the Thirteenth street line."

"Third: We endorse the selection by the United States government of that certain city block of land bounded by Eleventh and Twelfth streets and Webster and Harrison streets for the proposed new site for Oakland's new postoffice building, as said block of land bounded by the four streets is close to the center of our city and being east of Broadway and the direction of the great future growth of our city."

"Fourth: We ask the necessary improvements to Twelfth street south of Lake Merritt and in front of the Municipal Auditorium, in widening the said roadway in a manner to be found most advisable. Also the widening of that portion of East Twelfth street at First avenue so as to do away with the present serious delay and danger to traffic at this point and provide for the larger traffic requirements in the future."

Nonogenarian Dies at Home Here

Following her residence in Oakland of thirty-five years at 2712 Myrtle street, Mrs. Sallie R. K. Williams is dead after an illness of several months' duration. She was 93 years of age, and had been living in this city for forty years, coming here from Massachusetts, her native state.

Surviving her are a daughter, Miss Winnie Williams, and a niece, Mrs. Grace Williams, Seaber. Under direction of James Taylor the funeral will be held Friday from the residence, Rev. James B. Orr will officiate.

Big Hostelry to Be Erected in Los Angeles

LOS ANGELES, Jan. 11.—The world's largest hotel, with the exception of some in New York, will be erected in Los Angeles. Hart Brothers, owners of the Hotel California, have secured the report that they have commissioned an architect to prepare plans for a 1,600 to 1,800 room hostelry to be an 800-1,000 room addition to their present hotel. This will join a modern hotel with a recently erected view to the future combination, and all old structures on the site will be removed. The new addition will cost \$1,000,000.

WONG HIM

formerly of 1258 O'Farrell St., San Francisco, a Chinese, who was located for many years, has opened a Chinese herb establishment at 1588 Webster St., Oakland, where he is selling herbs of all kinds. It is a well-known fact that Chinese herbs possess medicinal qualities which are effective in curing the many diseases afflicting suffering humanity. Wong him has had many years' experience in gathering and preparing herbs for use, and all the herbs in which he deals are imported by him directly from China and his knowledge of the curative qualities of these herbs which he offers for sale to the public and his thorough familiarity, acquired by long years of experience with the business, while he is engaged, have placed him in the front rank of Chinese herbists in America.

Jane Urban Home After Successful Engagement

Miss Jane Urban, formerly with the Liberty Stock company and also with the Alcazar in San Francisco, is home in Oakland after a successful engagement in Spokane. Miss Urban went to the Washington city to stay twelve weeks and remained fourteen months. She is considering an offer that will take her to New York. Miss Urban has opened her bungalow on Hardwick avenue.

Wireless Monopoly Approved by Baker

WASHINGTON, Jan. 11.—Secretary of War Baker gave strong and unqualified approval of a government wireless monopoly before the House committee on merchant marine and fisheries hearing the advocates of the wireless bill today.

POLICE PUZZLED.
LOS ANGELES, Jan. 11.—Although the police were certain yesterday that in the robbery of a Wells-Fargo money wagon, they had the slayer of Drew B. Milligan, they are not so certain today that he is the man. Officers detailed to check up the confession made yesterday by Jack Emmerich, an actor, involving himself with Griffith in a number of hold-ups, and stating that Griffith shot Milligan during a hold-up, today report some discrepancies.

TO REMOVE DANDRUFF

Get a 25-cent bottle of Danderline at any drug store, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications will destroy every bit of dandruff; stop scalp itching and falling hair.—Advertisement.

Sick-Headache!

Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life, but does not appear to be curable. Sufferers from this affliction are condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Palliative measures during the attack are all that it is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two anti-kamnia tablets when the first symptoms appear, and one anti-kamnia tablet every two hours during the attack shortens it. Anti-kamnia tablets may be obtained at all druggists. Ask for 2-K Tablets. They quickly relieve all pain.

Many in Oakland Use Famous Compound

The famous mixture of buckthorn bark, glycerine, etc., known as Adler's, is much used here in Oakland. This is the most complete bowel cleanser ever sold, being even used successfully in appendicitis. Just ONE SPOONFUL, relieves almost ANY CASE of constipation, soothes gassy stomach. ONE MINUTE after Adler's-ka is taken the gassy rumble and pass out—the INSTANT action is surprising. Osgood Brothers, druggists.—Advertisement.

EDITORIAL

An old customer excitedly telephoned us the other day and asked us to rush out to her house by special Western Union messenger a bottle of alcohol.

It seems her little girl severely cut her finger and the family physician, while sewing up the cut, casually asked for a little alcohol. She discovered she had nothing but denatured alcohol in the house; therefore she had called for a quick delivery, which at best took 20 minutes of precious time.

The point is, how are you prepared with the simple remedies often so unexpectedly required? Suppose you look over your medicine chest now and check up your supplies of home liniments, bandages, tape, antiseptics, etc.

Like the bridesmaid who did not receive an invitation to the wedding, the simplest and most important article might be missing.

ARE YOU CRANKY ABOUT YOUR HAIR BRUSH?

Do you know that we have hair brushes selling for as high as \$15.00? Did you ever know that one of the largest stocks of hair brushes, in point of variety, west of Chicago, is to be found at our Oakland store?

When you consider that the hair brush market is a vast one, and that the best brushes have to come from Russia, you must realize the difficulty we have in procuring the better grades of brushes.

Everyone has ideas as to the ideal brush. Some want a small stiff brush, others a large brush with short bristles, others prefer long bristles, etc.

We claim the ability to fill the requirements of the crankiest hair brush fan in Christendom.

A great many people are using a cushion back brush. These brushes really go through the hair about as well as a comb—\$5.00 to \$10.00.

BETTER BUY YOUR HAND BAG NOW. JAN. SALE.

Now is a good time to get a hand bag.

Every year in January and again in July we hold a "Hand Bag Sale" at which time EVERY hand bag in stock is reduced.

It makes no difference whether a bag arrived from the factory the day before the sale or whether it has been upon our shelves for months, they are all reduced. Of course, some reductions are greater than others, but every one of them is well worth while.

Some of these bags are selling for a less price than they can be repurchased for at wholesale. This is on account of the advance in leather and the fact that we base our prices upon the COST to us and not upon present wholesale quotations. Most of our hand bags were contracted for months ago at a considerable saving over today's wholesale costs.

For this reason this sale is unique.

Among the bags are many of the new pocket-book shapes now so popular everywhere.

WHAT DO YOU NEED TO COMPLETE YOUR FRENCH IVORY?

Most women now have complete sets of French Ivory toilet articles.

Many of those who have not completed their assortments are now filling in by purchasing the few odd items necessary to finish up their sets.

For example, we are selling Talcum Powder Holders for 65c, which price includes a box of your favorite talcum to fit the holder. Inasmuch as practically all the best brands of talcum come in standard sized cans, you have a wide range of selection.

We are also selling a great many puff boxes, clocks, hair receivers, jewel boxes, etc.

Neglect every one has at least a brush, comb and mirror, also manicure articles, a tray and button-hook.

The idea of furnishing the guest room with monogrammed French Ivory boudoir pieces is very much in vogue.

We believe this coming year will see a greater demand for these goods than ever before.

BOWMAN'S IS A SAFE PLACE TO BRING PRESCRIPTIONS

When your physician steps up to his medicine cabinet and compounds a prescription for you, you feel mighty sure that the medicine is exactly as he intends it should be and you take it with confidence.

Suppose, for example, on the other hand, that he was constantly interrupted while attending to this important part of his business and generally, if he is a busy man, gives his patient the prescription to be filled rather than himself.

Every doctor realizes the importance of not being interrupted while attending to this important part of his business and generally, if he is a busy man, gives his patient the prescription to be filled rather than himself.

Our prescription clerks do nothing else but fill prescriptions. They are not allowed to be interrupted or to wait on trade in any other department. We do the largest prescription business of any one store in the West.
